I. Introduction

Background Summary

The *2019 Public Participation Plan* has been prepared by AMBAG in collaboration with the Council of San Benito County Governments (SBtCOG), the Santa Cruz County Regional Transportation Commission (SCCRTC), the Transportation Agency for Monterey County (TAMC), and the California Department of Transportation (Caltrans) District 5, with additional input and review by Monterey-Salinas Transit (MST), Santa Cruz Metropolitan Transit District (Santa Cruz METRO or SCMTD), San Benito County Express/Local Transportation Authority (LTA) and the cities and counties in the tri-county Association of Monterey Bay Area Governments (AMBAG) metropolitan planning region. The above agencies are defined as Partners in this plan. SBtCOG, SCCRTC and TAMC are referred to as RTPAs in this plan.

The purpose of this plan is to establish the process by which the public can participate in transportation planning, programming and project implementation including the development of the Metropolitan Transportation Plan/Sustainable Communities Strategy for the AMBAG region and the Regional Transportation Plans for Monterey, San Benito, and Santa Cruz counties. The *2019 Public Participation Plan* incorporates strategies to ensure that, to the greatest extent possible, interagency consultation and public participation are an integral part of the regional transportation planning and decision making process.

The public participation policies and procedures described in this plan are structured to comply with all applicable federal and state legislation, rules, and express the genuine regional value and interest for all residents of the Monterey Bay region to participate in the shaping and implementation of regional policies and decisions regarding the region's multimodal transportation system.

The *2019 Public Participation Plan* was developed to conform to the 2015's *Fixing America's Surface Transportation Act* (FAST Act) legislation and pursuant to changes in the California Government Code 65080 that occurred with the passage of Senate Bill (SB) 375 in 2008.

The "Monterey Bay region" covers the 18 cities and three counties within AMBAG's tri county area of Santa Cruz, Monterey and San Benito Counties (Figure 1 1).

The Association of Monterey Bay Area Governments (AMBAG) is a federal designated Metropolitan Planning Organization (MPO), and also serves as the regional forum for the study and discussion of regionally significant issues, which include but are not limited to: housing, transportation, energy efficiency, water conservation, and environmental quality. Elected officials within the Monterey Bay region's 18 cities and three counties form the AMBAG's Board of Directors.

In pursuing its mission, "AMBAG provides strategic leadership and services to analyze, plan and implement regional policies for the benefit of the Counties and Cities of the Monterey Bay region balancing local control with regional collaboration." AMBAG strives to inform and involve its local jurisdictions and the general public throughout its various programs, projects, and work activities conducted by the agency.

AMBAG and RTPAs in the Monterey Bay region seek the participation of a diverse set of communities with an interest in regional planning efforts, including low income households, minority populations, Limited English Proficiency (LEP) populations, persons with disabilities, representatives from community and service organizations, tribal organizations, and other public agencies.

Figure 1-1: AMBAG Tri-County Region of Monterey, San Benito and Santa Cruz Counties Map

1. Valuing public participation and promoting *broad based involvement* by members of the community
2. Providing varied *opportunities for public review and input*
3. *Treating all members of the public fairly*, and respecting and considering all public input as an important component of the planning and implementation process
4. Promoting a *culture of dialogue and partnership* among residents, property owners, the business community, organizations, other interested members of the public, and public officials
5. *Involving underserved communities and community groups*, as well as other organizations
6. *Encouraging active public participation* throughout the entire process
7. Providing communications and agency reports that are *clear, timely and broadly distributed*

AMBAG and the RTPAs perform a broad range of public participation and stakeholder engagement activities, such as:

- Conducting public meetings
- Establishing standing and ad hoc committees
- Partnering on studies and projects
- Providing educational and informational programs in accordance with statutory and regulatory directives

All of the activities listed above are open to public involvement and review. AMBAG and the RTPAs (TAMC, SBtCOG and SCCRTC) have taken this opportunity to update the 2019 Public Participation Plan to further improve transportation decision making in the region and to reach out to underserved communities within the Monterey Bay region more effectively.

II. Regional Roles and Responsibilities

AMBAG, as the designated MPO, must follow federal and state legislation when developing and programming transportation projects. SBCOG, SCCRTC and TAMC, the RTPAs within the AMBAG region, are required to follow federal legislation and state legislation as well if they are utilizing federal funding. Federal and state legislation requirements related to the Public Participation Plan can be found in Appendix E.

State Department of Transportation

The California Department of Transportation (Caltrans) - District 5

Caltrans oversees the state transportation planning, and the MPO's transportation planning and programming processes. Caltrans' primary responsibility is to ensure the function of the state highway system and develop transportation projects of statewide importance, including intercity rail projects.

The State Transportation Improvement Program (STIP) includes transportation projects from throughout California, including those from all Monterey Bay Area jurisdictions for approval to the California Transportation Commission (CTC), a policy making body appointed by the Governor and State legislature. In the Monterey Bay region, Caltrans District 5 is the liaison between our partner agencies and Caltrans Headquarters.

Metropolitan Planning Organization

Association of Monterey Bay Area Governments (AMBAG)

Formed under a joint powers agreement in 1968, AMBAG is a voluntary association of cities and counties for the Monterey Bay region. Established by a joint powers agreement, AMBAG provides a forum for policy and planning issues of regional significance. AMBAG acts as the regional Council of Governments (COG) for Santa Cruz and Monterey Counties and since 1968 has been designated by the Governor as the MPO for the Monterey Bay region.

Membership of the Association of Monterey Bay Area Governments includes 21 jurisdictions within Monterey, San Benito and Santa Cruz Counties. An elected official from each jurisdiction is appointed by that jurisdiction's City Council or Board of Supervisors, with each of the 18 cities represented by one member and each of the three counties by two members, forming the 24 member AMBAG Board of Directors. A representative from TAMC, SBtCOG, SCCRTC, Caltrans, Monterey Salinas Transit, Santa Cruz Metropolitan Transit District, Monterey Bay Air Resources District and the Monterey Bay Community Power each serve as an ex-officio member.

AMBAG, as the MPO for the Monterey Bay region, is charged with developing and periodically updating a federal long range transportation plan and transportation improvement program for the region, as well as developing an annual Overall Work Program (OWP). These statutory requirements are satisfied throughout the development process of updating the Metropolitan Transportation Plan and Sustainable Communities Strategy (MTP/SCS), the Metropolitan Transportation Improvement Program (MTIP) and the OWP.

Below is an organizational chart of how federal, state and local funding sources generally funnel into each agency's projects and programs (Figure 2-1).

The Metropolitan Transportation Plan and Sustainable Communities Strategy (MTP/SCS)

Adopted in June 2018, the 2040 Metropolitan Transportation Plan/Sustainable Communities Strategy (also known as *Moving Forward 2040 Monterey Bay* or *MTP/SCS*) is the long range transportation plan for the Monterey Bay region that looks ahead at the possible transportation needs the region will have in coordination with the proposed growth of the region for the next 20 years. Proposed transportation projects must be included in this plan to be eligible for federal funding. The Sustainable Communities Strategy (SCS) contained in this Plan requires the proposed transportation solutions to meet or further reduce the adopted greenhouse gas (GHG) emissions target goals specifically allocated for the Monterey Bay region set forth by the state. AMBAG is beginning the process to update the 2045 MTP/SCS and anticipates the plan to be completed by mid-2022.

The Metropolitan Transportation Improvement Program (MTIP)

The MTIP is the Monterey Bay region's short range transportation project programming document that contains transportation projects proposed for funding. The MTIP is required to be updated at least every four years; AMBAG typically updates this document every two years.

Federal regulations require that the MTIP be prepared in consultation and coordination with our partner agencies in the region, and be subject to an adequate public outreach and review process.

The MTIP programs transportation improvement projects are proposed to implement the adopted MTP/SCS. The RTIPs and SRTPs are prepared and approved by our partner agencies with extensive interagency consultation, as well as formal public review and hearings on the documents and their adoptions. The projects in the MTIP are, however, not simply a compilation of transportation projects already approved in other programs, but are part of a new program, subject to its own interagency consultation and public comments and review processes.

In addition, the MTIP is developed in consultation and coordination with the following agencies: Caltrans, San Benito County Express, MST (including their paratransit program RIDES), Santa Cruz METRO, SBtCOG, SCCRTC and TAMC.

Federal regulations require the MTIP to be prepared by AMBAG staff in cooperation and consultation with the above agencies as well as federal (FHWA/FTA) oversight agencies. As per federal regulations, AMBAG conducts a proactive interagency consultation and public involvement process to ensure that complete information, timely public notice, full public access at key decisions, and early and continuing involvement of the public be provided during development of this MTIP.

Once developed, the MTIP does not become a static document. It can be amended through a "Formal Amendment" or an "Administrative Modification" within the two to four year cycle.

Formal amendments are changes to projects that are considered significant in nature such as adding or deleting regionally significant or federally funded projects or major changes to the cost or scope of projects and therefore must go through a 14-day public review and a comment period. Formal amendments require AMBAG Board approval, as well as state and federal approval. AMBAG processes formal amendments to the MTIP on a quarterly schedule, and more often if warranted by special circumstances.

Administrative modifications to the MTIP are processed for minor program revisions. The criteria for administrative modifications and amendments are defined in the FAST Act. The administrative modifications are minor changes to projects and are not required to go through public review. AMBAG's Executive Director is authorized to approve administrative modifications to the MTIP.

The use of technical corrections and advancement or delay of funds using Expedited Project Selection Procedures (EPSP) can also be utilized to update the MTIP. No public review is necessary for AMBAG to use agreed-upon EPSP. EPSP is used to advance projects from the later years of the MTIP and delay the implementation of other projects from earlier years. These changes occur without modification or amendment, based on agreements between AMBAG, Caltrans, local transit operators, and RTPAs.

Air Quality Conformity Analysis

Currently, the Monterey Bay region is in attainment for federal air quality standards. However, if the region becomes non-attainment for federal air quality standards, additional public involvement and interagency consultation is required.

Interagency Consultation

The conformity rule* requires that Federal, State and local transportation and air quality agencies establish formal procedures to ensure interagency coordination on critical issues. Typical participants in interagency consultation include the FHWA, FTA, EPA, State DOTs, MPOs, and other local transportation agencies, and State and regional air quality agencies. In addition, public transportation operators are often active participants in interagency consultation.

Interagency consultation is a forum for discussing key assumptions to be used in conformity analyses, strategies to reduce mobile source emissions, specific impacts of major projects, issues associated with travel demand and emissions modeling, and the development of motor vehicle emissions budgets. The specific process that will be followed in each area must be adopted as part of the SIP and must be used to develop MTPs, TIPS and the SIP. These adopted interagency consultation procedures are included in the “conformity SIP.”

Public Involvement

The air quality conformity analysis must be provided for public review and comment, similar to the MTP/SCS and MTIP public outreach process. MPOs must then respond to public comment and provide adequate notice of relevant meetings.

Overall Work Program (OWP)

OWP, produced by AMBAG and each of the RTPAs, include federal and state funded planning activities as well as transportation and air quality planning activities proposed for each fiscal year. The OWP incorporates the MPO’s and RTPA’s transportation planning and air quality related work to be accomplished by each. AMBAG coordinates the OWP development process with the region’s RTPAs, transit operators, Caltrans, and is also available for the general public to review and provide comments.

The OWP establishes transportation, air quality, and other regional planning objectives, the methods and timing for achieving those objectives, and identifies planning responsibilities and funding to complete the work. The OWP also serves as a management tool for AMBAG and the RTPA’s in that it identifies all projects and services to be provided during the year beyond those mandated by the metropolitan planning process. The OWP, therefore, presents an annual guide for the agency’s use of resources for the fiscal year.

* FHWA’s Key Elements of a MTP/TIP Conformity Determination Guide (March 2012):
http://www.fhwa.dot.gov/environment/air_quality/conformity/guide/guide08.cfm

The OWP is a constantly evolving document; changes occur during the year to reflect priority, funding and staffing changes. As a working document, the OWP must be amended prior to making changes in work scope, budget and completion dates for key tasks.

Regional Transportation Planning

In the Monterey Bay region, the responsibility for transportation planning and programming is shared between:

- **California Department of Transportation (Caltrans)**
- **Metropolitan Planning Organization (AMBAG)**
- **Regional Transportation Planning Agencies (RTPAs):**
 - ◆ **Transportation Agency for Monterey County (TAMC)**
 - ◆ **Council of San Benito County Governments (SBtCOG)**
 - ◆ **Santa Cruz County Regional Transportation Commission (SCCRTC)**
- **Public Transit Operators:**
 - ◆ **Monterey Salinas Transit(MST)**
 - ◆ **San Benito County Express**
 - ◆ **Santa Cruz Metropolitan Transit District (Santa Cruz METRO)**

Collectively, these eight agencies are referred to as our “partner agencies.”

AMBAG, in consultation and coordination with our partner agencies develop the Monterey Bay region’s MTP/SCS to ensure that both state and federal requirements for regional transportation planning are met for the Monterey Bay region. The RTPAs are each required to prepare a Regional Transportation Plan (RTP) for their respective counties.

AMBAG and RTPAs work together to make sure that all planning products and programming documents are consistent and meets state and federal requirements. The transportation improvement project included in the countywide RTPs are selected to receive State Transportation Improvement Program (STIP) funds and they are incorporated into each RTPA’s respective Regional Transportation Improvement Programs (RTIP), then forwarded to the California Transportation Commission (CTC) for inclusion in the State Transportation Improvement Program (STIP).

The STIP covers a five year period and is updated biannually. Federally funded and/or regionally significant projects selected to receive a variety of state and federal transportation funds by Caltrans, RTPAs, the transit districts, and other entities are included in the federally required Monterey Bay region’s MTIP, adopted by AMBAG.

The public transit operators prepare Short Range Transit Plans (SRTP) and operate and maintain scheduled transit services in their respective service areas. AMBAG is responsible for meeting federal metropolitan planning and programming requirements for the Monterey Bay region. AMBAG’s public involvement activities and public hearing notices for the MTIP will satisfy the program of projects requirement of the FTA’s Urbanized Area Formula Program.*

Below is a flow chart of how planning documents relate across regional, county and local jurisdictions within the Monterey Bay region (Figure 2-2).

Regional Transportation Planning Agencies (RTPAs)

Regional Transportation Planning Agencies (RTPAs) are designated by the Governor of California, are funded directly through local and state funding, and are responsible for selecting projects to receive state and federal funds. The three RTPAs within the AMBAG region include:

Transportation Agency for Monterey County (TAMC)

The Transportation Agency for Monterey County (TAMC) is the state-designated Regional Transportation Planning Agency and Local Transportation Commission for Monterey County. TAMC is also the Congestion Management Agency and the Service Authority for Freeways and Expressways (SAFE). TAMC is a 24 member agency with 17 voting members on the Board of Directors, which is composed of elected officials from each of Monterey County’s 12 incorporated cities and five county supervisorial districts. TAMC also includes seven ex-officio members, one each from the Association of Monterey Bay Area Governments (AMBAG),

* Please refer to FTA’s 49 USC 5307(C) (1)–(C) (7).

California State University, Monterey Bay (CSUMB), Caltrans District 5, the Monterey Bay Air Resources District (MBRD)--, the Monterey Peninsula Airport District (MPAD), Monterey-Salinas Transit (MST) and the City of Watsonville.

TAMC is responsible for developing and implementing a Regional Transportation Plan, and a Regional Transportation Improvement Program, as well as administration of Local Transportation Funds and programming of federal funds, including Regional Surface Transportation Program (RSTP) funding. TAMC operates a Freeway Service Patrol (FSP) program on congested Highway 1 and U.S. 101 segments in Monterey County to clear vehicle collisions and respond to other freeway emergencies that are a source of traffic congestion, as well as operating and maintaining Monterey County's call box network on state highways.

With the passage of the voter-approved "Transportation Safety & Investment Plan" through Measure X in November 2016, TAMC and local jurisdictions are investing the estimated \$20 million annually into the community, with 60 percent of the revenues dedicated to local road maintenance, pothole repairs and safety projects, and 40 percent dedicated to regional safety and mobility projects.

Another major emphasis of the Transportation Agency is to bring more passenger rail service to Monterey County, so that residents can travel to jobs, health services and entertainment. The rail program includes local commuter service options as well as greater regional access. Trains will also be a popular choice for visitors to Monterey County, helping to ease traffic during the busiest summer months. The result of this effort will remove vehicle trips from Highways 1, 101 and 156.

Council of San Benito County Governments (SBtCOG)

The Council of San Benito County Governments is the state-designated RTPA and the Council of Governments (COG) for San Benito County. SBtCOG is an eight-member agency with a five-member Board of Directors, composed of two representatives each from the San Benito County Board of Supervisors and the Hollister City Council and one representative from the San Juan Bautista City Council. SBtCOG also has one ex-officio representative from Caltrans District 5. SBtCOG is responsible for county-level transportation plans and programs.

SBtCOG adopts a Regional Transportation Plan (RTP) every four years. The RTP is a twenty year planning document that establishes transportation goals and policies for the region, and identifies projects to be implemented with available funding.

In June 2018, SBtCOG adopted their 2040 RTP which includes chapters that address state and federal transportation policies. In addition, topics discussed in SBtCOG's 2040 RTP include Complete Streets, Healthy Communities, Active Transportation, etc.

SBtCOG is responsible for programming State Transportation Improvement Program (STIP) funding in its biennial Regional Transportation Improvement Program, and administration of Transportation Development Act funding. Additionally, SBtCOG allocates transportation funds, including State Surface Transportation Block Grant Program (STBG) funds, to local jurisdictions.

SBtCOG solicits public input on the development of all programs and plans, including the Regional Transportation Plan, Regional Transportation Improvement Program, and Transportation Development Act funding allocations.

SBtCOG is also responsible for administering several multimodal programs. One such program includes the Rideshare Program and the Vanpool Program, which encourages residents to use alternative modes of transportation. The Board of Directors also serves as the following entities:

- Service Authority for Freeways and Expressways (SAFE) administers the emergency call box program
- Local Transportation Authority (LTA) administers public transit services
- Airport Land Use Commission (ALUC) ensures orderly growth around the airport and protects the general welfare of local inhabitants, pilots, and members of the public
- Measure A Authority governs a 1/2 cent sales tax that was established in 1989 to raise money for specific transportation projects in San Benito County. The Measure A Authority no longer operates as the tax expired.

Santa Cruz County Regional Transportation Commission (SCCRTC)

The Santa Cruz County Regional Transportation Commission (SCCRTC) is the state-designated RTPA and Local Transportation Commission for Santa Cruz County. As an RTPA, SCCRTC is responsible for transportation planning, policy, coordination and programming. The SCCRTC Board of Directors consists of all five members of the County Board of Supervisors, one representative from each of the four cities in the county, and three representatives appointed by the Santa Cruz Metropolitan Transit District Board of Directors. SCCRTC also has one ex-officio representative from Caltrans District 5. Board meetings are held the first Thursday of the month, with workshops scheduled for the third Thursday of the month, as needed. SCCRTC is also the Service Authority for Freeway Emergencies (SAFE) which administers the call box program, the Local Transportation Authority which governs a 1/2 cent sales tax established in 2016 for specific transportation projects in Santa Cruz County, and the Rail/Trail Authority.

Members of the public and representatives from local transportation organizations sit on SCCRTC's Bicycle Advisory Committee and Elderly and Disabled Transportation Advisory Committee (E&D TAC) which also serves as the state-mandated Social Service Transportation Advisory Council. The public is also encouraged to attend meetings and address the Board or advisory body. With input from the community, SCCRTC develops and implements a Regional Transportation Plan (RTP), a Regional Transportation Improvement Program (RTIP), and Unmet Transit Needs.

SCCRTC also implements several regional transportation projects and programs. These include ongoing programs such as the Cruz511 Traveler Information Service, the SAFE Callbox Program, and the Freeway Service Patrol (FSP) Program. The Call Box and FSP programs provide assistance to motorists. SCCRTC implements and/or evaluates various regional highway, passenger-rail, and bicycle and pedestrian projects.

In preparing transportation planning and programming documents and implementing specific projects and programs, SCCRTC uses a variety of public participation tools, including public meetings and workshops, public hearings, committee meetings, public notices, press releases, the SCCRTC website, social media, email notifications, newsletters, surveys, door-to-door canvassing and televised meetings.

Public Transit Operators

Monterey-Salinas Transit (MST)

Monterey-Salinas Transit (MST) provides public transit service to a 280 square-mile area of Monterey County with 62 routes, 122 fixed route fleet buses, 34 minibuses for paratransit service, and six trolleys; all of which are Americans with Disabilities Act (ADA) compliant and serve a service area of approximately 437,907 people. In 2010, MST became the countywide transit district overseen by an 13-member voting Board of Directors, composed of one representative each from the County of Monterey and all twelve county cities: Carmel-by-the-Sea, Del Rey Oaks, Gonzales, Greenfield, King City, Marina, Monterey, Pacific Grove, Salinas, Sand City, Seaside and Soledad.

MST's fixed routes provide service primarily in the Monterey Peninsula jurisdictions and in the Salinas Valley. Intercity service is provided via Highway 68 and Highway 1 between these two urban areas of Monterey County. MST provides rural transit service to Carmel Valley and Big Sur, and seasonally along the Monterey waterfronts – the MST Trolleys. In addition, inter-city routes connect MST with Santa Cruz METRO at their Transit Center in Watsonville. Also, MST operates service between Downtown Monterey and the San Jose Diridon Train Station and service between King City and Paso Robles via Fort Hunter Liggett providing timed transfer connections to San Luis Obispo County transit to the south and San Francisco Bay Area transit and rail services to the north.

MST is also responsible, under the Americans with Disabilities Act (ADA), for the provision of complementary paratransit service in Monterey County. To that end, MST operates and administers the RIDES paratransit program that provides service within ¾ mile of MST fixed transit routes. The RIDES program also serves Special Transit service areas in unincorporated rural North and South Monterey County by extending paratransit service to one mile of fixed routes in rural North Monterey County, and two miles of fixed route in South Monterey County. The RIDES program Special Transit service also extends paratransit service to two miles along Highway 68 east between Canyon Del Rey Boulevard and River Road in Salinas.

San Benito County Local Transportation Authority (LTA)

The San Benito County Local Transportation Authority (LTA) is the designated Consolidated Transportation Services Agency for San Benito County. The LTA is a Joint Powers Authority between the City of Hollister, City of San Juan Bautista, and the County of San Benito. The Board of Directors consists of two elected officials each from the City of Hollister City Council and the County of San Benito Board of Supervisors; and one elected official from the City of San Juan Bautista City Council.

The LTA is responsible for the administration and operation of County Express, the primary public transportation service for the County which operates seven days a week. County Express services include Fixed Route service, complementary paratransit service, Dial-A-Ride, and inter-county transit services to the City of Gilroy in Santa Clara County. The LTA also provides three specialized transportation services: out-of-county non-emergency medical transportation, senior lunch program transportation, and a medical-shopping assistance program. The LTA seeks public input on the development of operations and plans, which include a Short Range Transit Plan and a Long Range Transit Plan. The LTA also solicits input on potential route changes, fare increases, and other service and policy changes.

Santa Cruz Metropolitan Transit District (SCMTD or Santa Cruz METRO)

The Santa Cruz Metropolitan Transit District (SCMTD or Santa Cruz METRO) provides public transit service in Santa Cruz County and connects with Monterey-Salinas Transit (MST), the Monterey County public transit provider, at the Watsonville Transit Center. Santa Cruz METRO provides service using 94 buses on 26 routes throughout the County. In addition to service throughout Santa Cruz County, Santa Cruz METRO operates, in coordination with the Santa Clara Valley Transportation Authority (VTA), Amtrak, Caltrans and the Capitol Corridor Joint Powers Authority, an express bus service to and from Santa Clara County over State Route 17 (Highway 17) seven days a week.

Santa Cruz METRO has an 11 member Board of Directors composed of one representative from each of the cities of Capitola and Scotts Valley, five approved by the Santa Cruz County Board of Supervisors, two representatives from the City of Santa Cruz and two representatives from the City of Watsonville. In addition to its regular membership, Santa Cruz METRO also has one ex-officio member representing the University of California, Santa Cruz (UCSC). Board meetings are held on the second and fourth Friday of each month. Comments from the general public on any issue can be made during the public comment period at the Board meetings.

Santa Cruz METRO is also responsible for the provision of complementary paratransit to fixed route transit service under the Americans with Disabilities Act (ADA). Santa Cruz METRO ParaCruz provides shared ride, door-to-door service for people certified as unable to use the regular service.

Local Planning Coordination and Sustainability

In 2008, Senate Bill 375 (SB 375, Steinberg) was passed, which requires AMBAG to include a Sustainable Communities Strategy (SCS) in the Metropolitan Transportation Plan. The SCS aims to incorporate regional growth and housing demand with long range planning scenarios in the joint effort to decrease greenhouse gas emissions at the state and regional level, as set forth by the California Air Resource Board (CARB). AMBAG is required to include SB 375 specific public participation requirements and process into the official Public Participation Plan (PPP) to include greater participation and coordination with local and regional agencies during the MTP/SCS development process.

SB 375 also requires AMBAG to conduct a minimum of two informal meetings in each of our three counties within the Monterey Bay region for members of the board of supervisors and

council of governments on the SCS. The purpose of these meetings is to present a draft of the SCS to members of the Board of Supervisors and city council members in each county and to consider their input and recommendations.

III. Public Participation Requirements

AMBAG and PARTNERS identified and updated various information, techniques and strategies for effective public outreach which were compiled in AMBAG's 2015 Monterey Bay Public Participation Plan to shape and inform the bulk of this *2019 Public Participation Plan (PPP)*. This PPP provides interested parties with reasonable opportunities to be involved in the MPO transportation planning* and countywide transportation planning process.

To accomplish the consultation requirements of the FAST Act, AMBAG and RTPAs conducted the following actions to ensure all public participation requirements would be met.

1. Research

AMBAG and RTPAs regularly gather information about how to improve public participation for our major plans and projects throughout the planning process. For instance, in 2013, EMC Planning was hired to survey the public in Monterey, San Benito, and Santa Cruz Counties about priorities for funding and projects being considered for the county-level Regional Transportation Plans (RTPs) and AMBAG's 2035 MTP/SCS. The group surveyed 1,200 voters (450 in Monterey County, 450 in Santa Cruz County, and 300 in San Benito County) in spring 2013.

The survey focused on: level of concern about community issues, use of the local transportation system, transportation infrastructure needs, proposed projects for transportation investment, and themes or messages that may assist public information efforts. Obtaining current trends and opinions from a statistically accurate sample of voters in the Monterey Bay region was very useful and was an inclusive public outreach approach.

In addition, AMBAG staff conducted extensive research in preparation for the *2019 Public Participation Plan* by reviewing other California MPOs' recently updated Public Participation Plans, researching new Federal and State legislation that may have affected the implementation process of the Public Participation Plan update, and sought new strategies in technological innovation that we can include to improve public outreach for the Monterey Bay region.

2. Surveys

Online surveys have been used by the SCCRTC in development of its RTP and for projects such as the 2019 Unified Corridor Investment Study, 2019 Highway 9 San Lorenzo Valley Complete Streets Corridor Plan and 2015 Santa Cruz Branch Rail Line Passenger Rail Study. Multiple telephone surveys of likely voters have also been used by the Santa Cruz and Monterey County RTPAs in their evaluation of local funding options for implementing the RTPs.

Overall, online and telephone surveys are great tools to elicit public input as these surveys provide us with a decent sample size of residents from each of our three counties, which allows us to gauge how to best reach the public and address pertinent issues in regards to our major

* Please refer to FHWA's 23 CFR 450.316(a).

plans and projects. For this reason, these survey methods will continue to be used for future plans and projects.

3. Direct Outreach

Providing public access to and participation in the planning processes of the Monterey Bay region is a responsibility shared between AMBAG, SBtCOG, SCCRTC, TAMC, MST, San Benito County Express, Santa Cruz METRO and Caltrans.

Each partner agency solicits public input to its planning, policy, and programming processes. Various methods are used to engage stakeholders and the general public, and provide affected agencies and interested parties with timely information and opportunities to participate in the transportation planning process.

Each federally funded transportation plan, study, program or project prepared or developed by AMBAG or RTPAS must have its own specified public participation process that defines the avenues for reasonable involvement in the transportation planning process.

The following slate of procedures and strategies represents a compilation of the public participation efforts and opportunities that may be offered to residents in the Monterey Bay region. These procedures and strategies also provide guidance for realizing the desired outcome of a robust and informed level of broad based public involvement in the development and implementation of plans, programs and projects in the region.

Additional information for how to engage in public participation opportunities for each county are summarized in Appendix B.

Required Procedures and Methods for Public Participation*

The following public participation activities must be included in every transportation plan, transportation improvement program and Environmental Impact Reports/Study:

- 1. Define Purpose and Identify Stakeholders**
- 2. Consultation and Coordination with Other Agencies**
- 3. Consultation with Interested Parties (Policy Bodies and Advisory Committees)**
- 4. Public Notice, Public Hearings, Comment Periods (utilizes the Brown Act)**
- 5. Use of Media and Informational Materials and Visualization Techniques**
- 6. Encourage Bilingual Participation**
- 7. Respond to Public Comments/Input**
- 8. Web Posting/Distribution of Draft and Final Documents**

*Please refer to Title 23: 450.316 from *Federal Register Vol. 72 No. 30* in Appendix D for more information.

These activities are further explained in the following text, followed by a special section pertaining to new requirements for the MTP/SCS development pursuant to SB 375.

1. Define Purpose and Identify Stakeholders

Prior to initiating public outreach on transportation plans, programs and projects, AMBAG and RTPAs define the purpose, objectives and stakeholders for public involvement. Individuals and groups that have an interest in transportation decisions may include, but are not limited to:

- Landowners
- Neighborhood and community groups
- Environmental advocates
- Affordable housing advocates
- Transportation advocates
- Home builder representatives
- Business organizations
- Commercial property interests
- Educational organizations
- Tourism representatives
- Trucking and Agriculture representatives

These groups can be represented through direct outreach, advisory committees, or other methods described in the following text. AMBAG and our partner agencies recognize that the public expects a clear understanding of their involvement and purpose throughout the transportation planning process.

As with many transportation projects, funding for public outreach is limited; therefore practical and economical options can be used to expand toolbox skill sets, as well as leverage existing resources and technological advances. For instance, AMBAG, SBtCOG and SCCRTC have added a Google Translation Widget on their webpage so users can switch from English to Spanish while browsing their website.

Also, SCCRTC utilizes Caltrans QuickMap on the Cruz511 traveler information traffic map page. This map includes visuals from the live traffic camera, and road closure information from Caltrans. Tools such as these are cost-effective and helpful, and can reach multiple audiences.

2. Consultation and Coordination with Other Agencies

AMBAG and RTPAs seek input from state and federal resource management agencies during development of transportation planning studies and projects in their respective regions. AMBAG leads the outreach efforts with federal, state and local agencies during development of the Metropolitan Transportation Plan/Sustainable Communities Strategy and the associated Environmental Impact Report which also serves as the RTPA's Regional Transportation Plan

Environmental Impact Report. Appropriate consultation is undertaken with agencies and officials responsible for planning activities within the region, as well as state and federal resource management agencies. These agencies include but are not limited to:

- Federal and State Resource Agencies (Water, Fish and Game, Coastal Commission, etc.)
- Local Tribal Governments
- Housing, Economic Development and Community Planning Agencies
- Airports
- Freight Industry Stakeholders

Transportation Plan and Sustainable Communities Strategy Staff Working Group

AMBAG, RTPAs and transit agencies within the Monterey Bay region participate in regular coordination group meetings to discuss the preparation of transportation plan updates, policy issues and coordinate development of the SCS for the region that is required by Senate Bill 375.

NEPA and CEQA Consultation

The public participation process defined by the National Environmental Policy Act (NEPA) for federal consultation serves as the primary process for consultation to occur with federal, state and local resource management agencies. The California Environmental Quality Act (CEQA) requires environmental documents to be prepared across all jurisdictions for regional and local transportation plans and projects, such as Environmental Impact Reports (EIRs).

3. Consultation with Interested Parties (Policy Bodies and Advisory Committees)

AMBAG and our partner agencies hold regularly scheduled meetings that are open to the public and noticed per Brown Act requirements. General meeting notices, agendas and materials are posted at agency offices at least 72 hours before regular meetings and 24 hours before special meetings. All Board meeting and standing committee meeting notices are typically posted on agency websites. Some special meetings or on hearings are also published in general circulation newspapers.

Agendas and materials are made available in advance of meetings by regular mail, email or by links to the host agency website. Agendas are also posted at each agency's respective offices. The agenda of each meeting provides an opportunity for members of the general public to provide comment to the Board/Committee concerning matters within the agency's purview.

Staff reports, transportation plans and studies can be viewed at AMBAG or Partners' offices and are also made available upon request. Transportation plans and some major documents are also available at local public libraries.

In addition, public input to the transportation planning and programming process can include notification and early solicitation through each of the agency's technical advisory committees and through project sponsors, such as city councils and city committees (refer to Figure 3-1).

AMBAG and the region's three public transit operators also use the RTPA technical advisory committees to notify and solicit input on their planning and programming processes.

Technical Advisory Committees (TACs)

TAMC, SBtCOG and SCCRTC, the three Regional Transportation Planning Agencies (RTPAs) for the Monterey Bay region, each appoints a Technical Advisory Committee (TAC) which meets regularly to help guide the technical aspects of transportation planning, project selection and programming within their respective region. The TAC members are usually planners and engineers representing affected agencies and jurisdictions in each county.

Additional agency representation on these committees includes some combination of the following: AMBAG staff, transit operators, regional agencies, Transportation Management Agencies, educational institutions, redevelopment agencies, Caltrans and the California Highway Patrol (CHP). Recommendations of each committee are provided to the respective Board.

Social Service Transportation Advisory Councils (SSTACs)

As required by the Transportation Development Act (TDA), each Regional Transportation Planning Agency appoints a Social Services Transportation Advisory Council (SSTAC) to advise the agencies on specialized transportation and unmet transit needs. Candidates are recruited from a broad representation of social services, transportation providers, and the general public representing the elderly, the disabled, and persons of limited means. The Transportation Development Act requires an annual unmet needs public hearing if Local Transportation Funds are to be used for local road projects.

In Monterey and San Benito Counties, the primary purpose of each committee is to ensure that there are no unmet transit needs which are reasonable to meet in areas which use Local Transportation Funds for purposes other than transit. Santa Cruz County does not divert any Local Transportation Funds to road projects, therefore they do not require a formal unmet transit needs process. However, SCCRTC regularly conducts unmet needs process to understand priority transportation needs for seniors, people with disabilities and low income individuals.

In addition to the unmet needs activities of the SSTACs, the three agencies' committees regularly review and comment on proposed planning documents and matters affecting the groups they represent. For instance, the public transit operators' on-going compliance in meeting the complementary paratransit goal provisions of the Americans with Disabilities Act is of interest to SSTAC members. As such, a transit operator representative attends the SSTAC meetings to address complementary paratransit as well as other public transit issues of interest to the committee. SSTAC committee actions are reported to and considered by each Regional Transportation Planning Agency.

In Santa Cruz County, the Elderly and Disabled Transportation Advisory Committee (E&D TAC) serves as the Social Services Transportation Advisory Council. In addition to fulfilling the requirements of the SSTAC as required by California Code, the E&D TAC advises SCCRTC, the

Santa Cruz Metropolitan Transit District (Santa Cruz METRO), the Consolidated Transportation Services Agency, social service agencies and the local jurisdictions in Santa Cruz County on transportation issues, policies, plans, programs, and projects for the elderly, disabled and persons of limited means populations.

In Monterey County, the MST Mobility Advisory Committee serves as the Transportation Agency's Social Services Transportation Advisory Council and advises the agency on the transportation needs of the elderly, persons with disabilities and limited means populations. The Mobility Advisory Committee includes representatives from the County's social service providers and MST RIDES paratransit program customers. The committee serves as an advisory body to MST regarding the delivery of coordinated transportation and mobility management services provided through MST's Consolidated Transportation Services Agency.

In San Benito County, SBtCOG maintains its own SSTAC committee for the purposes of advising the COG and the Local Transportation Authority on matters related to transportation accessibility for the elderly, the disabled, and persons of limited means. Transit issues that may require more attention from the Advisory Council are specialized transportation services, and related planning and studies.

On the following page is a flow chart of the Building Blocks of Transportation Planning and Public Input (Figure 3-1).

Key:

-  - Public
-  - Committees
-  - Agencies & Staff
-  - Governing Boards (Decision Makers)

Figure 3-1 (AMBAG, 2019)

Bicycle and Pedestrian Advisory Committees

SCCRTC appoints a Bicycle Advisory Committee while TAMC appoints a Bicycle and Pedestrian Facilities Advisory Committee, and SBtCOG appoints a Bicycle and Pedestrian Advisory Committee. These committees meet either monthly or semi-monthly to review, discuss and make recommendations on bicycle and pedestrian related projects, plans and in some cases funding programming. Recommendations of each committee are forwarded to the respective Board of Directors or member jurisdictions. These committees are composed of community volunteers and local agencies.

In Santa Cruz County, accessible pedestrian issues are also discussed by the Elderly and Disabled Transportation Advisory Committee (E&D TAC). As needed, the E&D TAC has established standing or temporary subcommittees to discuss pedestrian safety and accessibility.

Rail Policy Committee

The TAMC Rail Policy Committee meets monthly to advise the Agency on plans and issues associated with commuter and passenger rail services being developed in Monterey County. The Rail Policy Committee is composed of TAMC Board Members or their alternates from the following jurisdictions on the rail lines: Cities of Salinas, Marina, Sand City, Seaside, and Monterey, Supervisorial District 1, Supervisorial District 2, Supervisorial District 4, Supervisorial District 5, and two representatives from South Monterey County: either (a) the 3rd District County Supervisor and a voting TAMC Board member from one of the South Monterey County Cities, or (b) two voting TAMC Board members from South Monterey County Cities. The TAMC Chair may appoint annually ex-officio members as needed.

Transit Citizens Advisory Committee

Each member of the Santa Cruz METRO Board of Directors appoints one person to the Santa Cruz METRO Advisory Committee (MAC) for a two-year appointment to represent Santa Cruz County. MAC provides advice to Santa Cruz METRO's Board of Directors on matters of Santa Cruz METRO policy and operations referred to the Committee by the Board or Secretary/General Manager and to perform such additional duties as assigned by the Board. MAC also may address issues which members or the public raise with respect to the quantity and quality of services provided by Santa Cruz METRO and meets on the third Wednesday of each month.

In Monterey County, the Monterey-Salinas Transit (MST) Mobility Advisory Committee fulfills this role.

Budget, Administration & Personnel Committee

In order to ensure efficient and effective operations, SCCRTC's Budget, Administration & Personnel Committee serves to review and monitor issues relating to the budget, work program, and other administrative functions of SCCRTC and makes recommendations to SCCRTC regarding such items. The Committee is also responsible for reviewing personnel matters and conducting the annual performance evaluation of the Executive Director. The

Budget, Administration & Personnel Committee is made up of six SCCRTC commissioners elected to the committee annually. The committee meets the second Thursday of each month.

Traffic Operations System (TOS) Oversight Committee

SCCRTC has a Traffic Operations System (TOS) Oversight Committee that includes representatives from Caltrans, the California Highway Patrol (CHP), local law enforcement, legislators' representatives and the media. The purpose of the Committee is to identify opportunities to improve the efficiency and safety of the transportation system through implementing operational improvements including the integration of technology into transportation infrastructure to monitor road conditions and inform motorists of potential hazards or delays.

In addition, the Committee monitors the Freeway Service Patrol (FSP) program that improves operations by deploying tow trucks during peak hours to remove hazards from the roadway. The Committee routinely discusses ways to improve communication among the various agencies and to enhance the existing TOS system. The Committee meets biannually. In addition, the SCCRTC staffs the Safe on 17 Task Force to discuss safety improvements and programs for Highway 17. Task Force members include Caltrans, the CHP, the Metropolitan Transportation Commission and other interests on both sides of the hill.

San Benito COG Regional Transportation Plan Advisory Committee

In 2010, SBtCOG established the Regional Transportation Plan Advisory Committee (RTPAC). It is a standing committee with members appointed by the COG Board of Directors. The purpose of the RTPAC is to review and provide input on the development of SBtCOG's Regional Transportation Plan. The committee is made up of representatives of many community interests, including economic development, education, goods movement, public health, resource management, and underrepresented groups such as the elderly and disabled. The RTPAC meets quarterly with its agenda meetings open to the public in accordance with the Brown Act.

Taxpayer Oversight Committee

In compliance with state law, the SCCRTC established a Taxpayer Oversight Committee in order to ensure accountability, transparency and public oversight of all funds collected and allocated under Measure D. A Taxpayer Oversight Committee was formed by the Commission to review the annual independent fiscal audit of the expenditure of the Transportation Tax funds. The Oversight Committee issues an annual report on its findings to the Commission regarding compliance with the requirements of the Expenditure Plan and the Ordinance. Members of the Independent Oversight Committee are residents of Santa Cruz County who are neither elected officials of any government, nor employees from any agency or organization that either oversees or implements projects funded from the proceeds of the sales tax. Members are required to fairly represent the geographical, social, cultural and economic diversity of Santa Cruz County to ensure maximum benefit for transportation users. The meetings are announced in advance on the SCCRTC website and are open to the general public.

Ad Hoc Committees

All the standing advisory committees, like those noted above, must meet requirements of the Brown Act in public involvement and participation requests. In addition to these standing committees, our partner agencies may appoint special ad-hoc committees for specific programs/plans. Although ad-hoc committees do not necessarily have to meet the Brown Act public involvement requirements, they typically do because political leaders and the communities in the region have a strong commitment to the public participation process (CA Government Code § 54952(b)). Additional public input and involvement may occur through these special ad-hoc committees.

4. Public Hearings

Public hearings are held prior to a major decision point to gather comments for the public record, as well as input into the decision making process. Each partner agency holds public hearings prior to adoption of their major plans, programs and major service revisions (e.g. Metropolitan/ Regional Transportation Plans, Transportation Improvement Programs, Short Range Transit Plans, Americans with Disabilities Act, Complementary Paratransit Plans, Unmet Transit Needs, Transit Program of Projects, and Transit Service Revisions).

For instance, Santa Cruz METRO and MST hold public hearings when there is a service change greater than 25 percent, elimination of routes, fare changes, adoption of an ordinance, adoption of a resolution authorizing application for grant funding, adopting the annual budget, environmental documents, eminent domain resolutions, or short range transit plans. All Santa Cruz METRO public hearings are published as a legal notice in local newspapers. For adoption of an ordinance, legal notices are published in both local newspapers and are posted at public places, such as Santa Cruz METRO transit centers.

For some regional and local jurisdictions, public meetings are sometimes broadcast live on public access television, such as city council meetings. These meetings are generally re-broadcasted and available to view on the respective jurisdiction's website, providing the public additional opportunities to view the proceedings.

Public Hearing Notices *

AMBAG and the RTPAs publish legal notices of public hearings in newspapers of general circulation citing the time, date and place of the hearings. For transportation matters of particular interest to our Spanish-speaking communities, public hearing notices are translated and displayed in both English and Spanish in newspapers and radio. For items of wide public interest, public display advertisements may also be used for legal notices. Unless indicated otherwise, public hearing notices are made available at least seven days in advance of a hearing.

*Please refer to Title 23: 450.316 from *Federal Register Vol. 72 No. 30* in Appendix D for more information.

Public Hearings*

Public hearings are conducted by the AMBAG Board and RTPAs during their regular meetings or at special meetings scheduled to attract greater community participation. Public hearings may also be conducted by each agency's standing committees. Meetings are held in facilities that are accessible to people with disabilities and along transit routes, when possible.

As part of a public hearing, the policy board will generally receive a report from agency staff prior to opening the hearing for comments from the public. The hearing will be concluded when all members of the public wishing to speak have been provided the opportunity to comment. Agency staff may respond, as appropriate, to comments provided at the hearing prior to the policy board taking action with respect to the subject of the hearing.

Public Comment Period: AMBAG and our partner agencies publish legal notices of public comment periods in local newspapers of general circulation citing the dates when they will be accepting comments on regional plans, MTIP, studies and transportation projects. The public comment period for adoption or revision of the Public Participation Plan, Transportation Plans, the Transportation Improvement Program and other key decision points must be "timely" and for the AMBAG region are as follows:

- **AMBAG Public Participation Plan:** 45 Days
- **The Metropolitan Transportation Plan/Sustainable Community Strategy:** 55 days
- **Approval of Transportation Improvement Programs and Other Plans or Studies:** 30 days
- **Regional Transportation Plans:** 30 days
- **Formal Amendments to the MTIP:** 2 weeks

AMBAG and RTPAS accept prepared comments (oral, written and emailed) from the public during the public review period for plans that require public hearings; all such comments are then made part of the public record.

Amendment or Modification to Draft Plans (MTP/MTIP/PPP) or Projects: If draft plans or projects differ significantly from the initial draft which was made available for public comment and raises new issues which interested parties could not reasonably have foreseen from the public involvement efforts, an additional opportunity for public comment on the revised plans or other plans will be made available within schedule constraints. Minor changes in the draft plans or projects generally can be made after AMBAG, our partner RTPAs, and/or our Transit Agencies have completed its public comment process without further opportunities for public

*Please refer to Title 23: 450.316 from *Federal Register Vol. 72 No. 30* in Appendix D for more information.

involvement. AMBAG or respective agencies can define what is considered a minor change during the development of the public involvement process for the plan.

5. Use of Media and Informational Materials, and Visualization Techniques

Media notification is used by AMBAG and RTPAs to inform the public of upcoming decision points, decisions made and their potential ramifications regarding transportation planning, funding, project implementation and/or service provision. Media coverage can help deliver information regarding actions or events. All plans and projects should **utilize at least one of the following** methods to communicate details about the project and inform the public. The following public participation methods are employed within the Monterey Bay region:

- **Websites** – AMBAG and RTPAS maintain websites on the internet that provides the public with information about the agencies', their programs, and special projects.

Project and program information - including reports, documents, plans, fact sheets, maps, graphs, charts and presentations - is posted on the websites and made available to the public. In addition, interactive functions have been added for members of the public to participate online such as submitting comments, voting and completing surveys on major projects and plans within the Monterey Bay region.

Meeting notices and agendas/minutes for the agency, as well as their advisory committees, are also posted and available for downloading or review. TAMC also provides viewers the ability to watch their board meetings on demand on their website. Most of our partner agencies also have a "What's New" section on their web page to provide reviewing parties a quick way to read more about the latest developments.

Agency websites also provide a forum for graphic materials that assist viewers in visualizing programs and projects. The partner agency websites include:

1. *Council of San Benito County Governments:* www.sanbenitocog.org
2. *Santa Cruz County Regional Transportation Commission:* www.sccrtc.org
3. *Transportation Agency for Monterey County:* www.tamcmonterey.org
4. *Association of Monterey Bay Area Governments:* www.ambag.org
5. *Monterey-Salinas Transit:* www.mst.org
6. *Santa Cruz METRO:* www.scmtd.org
7. *San Benito County Express:* www.sanbenitocountyexpress.org

- **News Releases** – AMBAG and our partner agencies prepare and forward news releases to print and broadcast media of issues or events that affect the region, including proposed actions, notification of workshops, completion of major projects and legislative actions affecting the transportation planning and service providers. This is perhaps the most frequently used media outreach method. Board meeting highlights are also sent by two

agencies to media contacts as well as elected officials, advisory committees and a range of other interests in the county following each meeting.

- **Articles** – in the weekly county business council distributions.
- **Press Conferences** – All of our partner agencies hold press conferences to focus press attention on newsworthy special events and occasions.
- **Radio and Television** – Some of the Partners provide televised broadcasts of their Board meetings on community access television. Agencies also work with television and radio stations, special programs, and/or public access media within the region to interview and/or film special segments and upload webcasts/podcasts to spread the word about their agency and/or programs. For instance, AMBAG developed a video about the 2035 MTP/SCS prior to its adoption in 2014.
- **Newsletters, Brochures, and eNews** – AMBAG and Partners use newsletters, brochures or eNews to provide information on their transportation programs and particular project development. News releases and eNews are often sent to entities for inclusion in their electronic newsletters.
- **Agency Reports** – Several Partners prepare and distribute an annual agency report sent to a broad range of their constituents and planning partners. These reports serve to communicate to the public the agency's accomplishments, revenue/expenditures and future directions.
- **Posters and Inserts** – Posters and inserts are generally used by our partner agencies to focus attention on a particular program.
- **Project Flyers and Folders** – Several of the Partners develop and distribute information flyers and/or folders at public workshops, meetings, community events, and other significant events. Some agencies are now preparing and distributing fact sheets on various projects, programs and agency information as a way to provide the most current information to the public. Many of the flyers and folders will also be printed in Spanish.
- **Advertising** – Many of the Partners use advertising means, such as display ads in newspapers, outdoor advertisements on the sides of buses, "car cards" inside the buses, posters placed in high travel corridors, and business card-sized materials with web links or QR codes to capture people's attention.
- **Online Social Media Networks** – The RTPAs distribute information on their respective plans, programs and projects through online social media networks such as Facebook, Twitter and Nextdoor.
- **Mapping** – AMBAG provides internet users with access to regional planning data available through our website, such as statistical information for multiple geographies ranging from the neighborhood-level to the tri-county level. In addition, the AMBAG 2019 Title VI Plan includes a spatial analysis utilizing U.S. Census data and GIS on our Limited English Proficiency (LEP) populations within the Monterey Bay region. AMBAG and our partner agencies provide GIS mapping tools on each agency's website and include display maps in planning documents to

help with project visualization. AMBAG's mapping tool can be found on our website at: <http://ambag.org/programs-services/gis>.

6. Bilingual Participation

The Monterey Bay region is home to a significant Spanish speaking population; therefore, AMBAG and our partner agencies employ a number of bilingual outreach methods to include participation of the Spanish speaking community. These methods could include:

- Publishing printed information regarding services, projects, programs and meetings in Spanish.
- Spanish language media in the distribution of news releases.
- Advertising public hearings, meetings, projects and programs in the Spanish language print, radio and television media.
- Providing simultaneous Spanish language translation services at meetings.
- Producing Spanish language website content and physical publications such as flyers.
- Providing language identification flashcards at public meetings.
- Ensure that transit contractors recruit bilingual (English/Spanish) personnel.

7. Response to Public Input

Timely response to public input is important to encourage public participation and ensure that agencies communicate that public input is valued.

Responses to public input are made directly when public input level permits, or a consolidated response is prepared for specific issues if the volume of public comment does not allow individual responses. Written responses to public or agency input are reported to the respective policy Board for information.

In some cases, as with the transportation plans and Transportation Improvement Program, when significant written and oral comments are received on the draft plan or program as a result of the public involvement process, a summary analysis and report on the disposition of comments is made and reported to the Board of Directors of the agency that received the comments or is approving the document.

8. Distribution of Final Documents

Final documents are available on agency websites or agency libraries. Members of the public can request a copy of our final documents from the appropriate agency. Written materials provided to a partner agency board of directors may also be available for review upon request.

IV. PPP Procedures and Development Process

AMBAG's and the RTPA's *2019 Public Participation Plan (PPP)* aims to give the public ample opportunities for early and continuing participation in critical transportation projects, plans, and decisions, and to provide full public access to key decisions. Engaging the public early and often in the decision making process is critical to the success of any transportation plan or program, and is required by numerous state and federal laws.

Preparation of the 2019 Public Participation Plan

AMBAG initiated development of the plan by compiling information from various MPO's research and federal transportation regulation. Consultation with our partner agencies on their existing public participation and policy decision making processes was conducted throughout the PPP Process. AMBAG and the RTPAs also consulted with interested parties at the federal, state, regional, and local level to identify opportunities for improving or building upon existing practices. The Draft *2019 Public Participation Plan* will be circulated for public review and comment for minimum of 45 days.

The timeline for the 2019 PPP process is shown in Figure 4-1

The passage of SB 375 resulted in changes in Government Code § 65080, which required an update to the Public Participation Plan. The specific requirements of SB 375 are discussed in detail in Section II, "Statutory and Regulatory Environments."

AMBAG and RTPAs (TAMC, SBtCOG and SCCRTC) worked together to restructure the *2019 Monterey Bay Area Public Participation Plan* to make the plan more useful for transportation decision making in the Monterey Bay region.

Public Participation Plan Guiding Principles

AMBAG and RTPAs established a set of activities and goals to achieve our guiding principles for the 2019 Public Participation Plan by creating a framework and action plan for each outreach goal. These goals are agencywide and are utilized and implemented in major plans and projects, including the Metropolitan Transportation Plan/Sustainable Communities Strategies, Regional Transportation Plans (RTP), Metropolitan Transportation Improvement Plan (MTIP) and Regional Transportation Improvement Plan (RTIP).

1. Involvement

Goal: Value public participation and promoting **broad based involvement** by members of the community.

Activity: In addition to having a list of stakeholders and working collaboratively with partner agencies, AMBAG and RTPAs will also interact and outreach to community groups within the Monterey Bay region, as input from a variety of perspectives helps to enhance the process. AMBAG and RTPAs structure their major planning initiatives and funding decisions to provide for meaningful opportunities to help shape outcomes. For example, because AMBAG's 2045 MTP/SCS is the blueprint for both new policies and investments for the Monterey Bay region,

updating and developing the MTP/SCS is one of the best projects for interested persons to get involved. The list of all groups, stakeholders and councilmembers can be found in Appendix D.

2. Opportunity

Goal: Provide varied **opportunities for public review and input**.

Activity: AMBAG and RTPAs will engage with partner agencies, committees, working groups, and the public to obtain comments and suggestions during the development of the MTP/SCS, MTIP, RTP and RTIP. When the drafts of major plans, programs, and documents are released, the public review periods for each document tend to vary from 30-60 days. AMBAG and RTPAs will announce these public review periods through various media outlets, thereby providing as many opportunities as possible for the public to read and provide comments on the drafts of our major documents to be implemented in the future. To find out more about our public participation practices by agency, please refer to Appendix B.

3. Environmental Justice

Goal: Treat all members of the public fairly, and **respect and consider all citizen input** as an important component of the planning and implementation process.

Activity: AMBAG and RTPAs plan to actively reach out to the traditionally underserved and underrepresented communities within the Monterey Bay region and enhance efforts to involve rural communities in all major transportation planning processes. AMBAG and the RTPAs will undertake specific strategies to involve all members of the general public in regional transportation planning and investment decisions. One size does not fit all as input from diverse perspectives enhances the process.

4. Engagement

Goal: Promote a **culture of dialogue and partnership** among residents, property owners, the business community, organizations, other interested citizens, and public officials.

Activity: Early engagement is best. Create support materials that are easy to understand and visually engaging in both print and electronic format and make them accessible at meetings and on AMBAG's website. Plan workshops and/or public hearings at convenient venues and times across the region and/or provide virtual participation if feasible; and ensure such events are fully accessible to the general public, including low income, minority, and rural communities, disabled and Limited English Proficiency (LEP) populations.

5. Involvement

Goal: **Involve underserved communities and local community groups**, as well as other organizations.

Activity: Make a greater effort to reach out to local community groups and smaller/rural communities that feel like they don't have a voice and involve them in the public participation process as much as possible. An open and transparent public participation process will help empower affected low income communities and communities of color to participate in the decision making process. Engaging interested persons in regional transportation issues is challenging, yet possible, by making it relevant, removing barriers to participation, and saying it simply.

6. Encouragement

Goal: **Encouraging active public participation** throughout the whole process.

Activity: Ask thought provoking questions in workshops and outreach meetings and engage audiences in strong discussions. Public participation is a dynamic activity that requires teamwork and commitment from all of the Monterey Bay region's agencies, from the regional level to the local level.

7. Communication

Goal: Providing communications and agency reports that are **clear, timely and broadly distributed**.

Activity: Make all types of communication clear, accessible, and easy to understand. Potential methods include: add a translation link in Spanish for Limited English Proficiency (LEP) citizens through a Google Translation Widget on websites, and distribute flyers, online notices, announcements and other materials in both English and Spanish as feasible to engage diverse populations. We will also provide hearing impaired and visually impaired citizens assistance in online and physical media distributions through physical outreach materials printed in larger font and in braille, upon request. Effective public outreach and involvement requires collaborating with regional local governments, stakeholders and advisory groups such as partner agencies.

2019 Public Participation Plan

The *2019 Public Participation Plan* was developed by AMBAG in collaboration with RTPAs. The AMBAG Board of Directors released the *Draft 2019 Public Participation Plan* for public review in June 2019. The comment period began on June 12, 2019 and ended on August 28, 2019. A public hearing on the *Draft 2019 Public Participation Plan* was held on August 14, 2019 at the AMBAG Board of Directors meeting. Following is a list of the dates for the AMBAG and RTPAs:

- Draft Release Date For Public Comment
 - June 12, 2019: AMBAG
 - June 20, 2019: SCCRTC and SBtCOG
 - June 26, 2019: TAMC
- Public Hearing at Board Meeting
 - August 1, 2019: SCCRTC
 - August 14, 2019: AMBAG
 - August 15, 2019: SBtCOG
 - August 28, 2019: TAMC
- Close of Public Comment Period
 - August 28, 2019: All Agencies

Figure 4-1 shows the important dates for the PPP

AMBAG and our partner agencies, building upon the work completed as part of the *2015 Monterey Bay Public Participation Plan*, circulated the preliminary Draft PPP to RTPAs advisory committees. Information about the *Draft 2019 Public Participation Plan* was circulated to stakeholder groups and interested parties who have expressed interest in the regional transportation planning process. A list of advisory committees and stakeholders who will receive notification about the availability of the *Draft 2019 Public Participation Plan* is included in Appendix D.

The *Draft 2019 Public Participation Plan* was also made available online on AMBAG's and RTPA's website, and was promoted through AMBAG's and RTPA's online media pages to target social network users.

The main differences between the *2015 Monterey Bay Public Participation Plan* and the *2019 Public Participation Plan* are:

- Expanding each of the seven guiding principles to show how to actively meet each of the goals and foster continued engagement with the public
- Incorporating LEP Populations within the Monterey Bay region into the Plan and creating a more inclusive public participation process. This will coordinate well with the LEP Plan, which will be included in our 2020 Title VI Plan.
- A timeline of the 2019 Public Participation Plan process from conception to execution (Figure 4-1)

- Updating and enhancing our online and visualization outreach strategies

The strategies identified in this Plan will be used by AMBAG and RTPAs during the update of our *2045 MTP/SCS* and *2020 MTIP*, as well as in each of the RTPAs' RTPs. This *2019 Public Participation Plan* will supersede the 2015 Monterey Bay Public Participation Plan.

AMBAG 2019 Public Participation Plan Update - Draft Schedule

Date	Tasks/Objective	Due Dates
February and Early March 2019	Outreach to RTPAs by email and confirm point of contacts	3/4/2019
Early March 2019	Email Draft Schedule and Process to RTPAs	3/7/2019
March/April 2019	Email PPP to RTPAs document for changes/edits	3/19/2019
	Edits/Changes for Draft 2019 due on 4/12/2019 to AMBAG	4/12/2019
April/May/June 2019	Present 2019 PPP Update Process to all RTPA TAC/SSTAC meetings and AMBAG Board:	
	<i>4/18/19 - Present 2019 PPP Update Process at SCCRTC ITAC Meeting</i>	4/18/2019
	<i>5/2/19 - Present 2019 PPP Update Process at TAMC and SBtCOG TAC Meetings</i>	5/2/2019
	<i>5/24/19 - Present 2019 PPP Update Process at SBtCOG SSTAC</i>	5/24/2019
	<i>5/29/19 - Present 2019 PPP Update Process at TAMC/MST MAC</i>	5/29/2019
June 2019	Present Draft 2019 PPP to Boards, Release Public Notice (70 days) and Start Public Comment Period	Open Comment Period on: 06/12/2019
	<i>June 12, 2019: AMBAG Board Meeting</i>	Close Comment Period on: 8/28/2019
	<i>June 20, 2019 - SCCRTC TPW and SBtCOG Board Meeting</i>	
	<i>June 26, 2019 - TAMC Board Meeting</i>	
August 2019	Public Hearing on 2019 PPP at AMBAG's August Board Meeting	8/14/2019
	RTPAs to Also Hold Public Hearings (if using AMBAG PPP as their plan)	
	August 1, 2019 - SCCRTC Public Hearing	8/1/2019
	August 15, 2019 - SBtCOG Public Hearing	8/15/2019
	August 28, 2019 TAMC Board Meeting	8/28/2019
	Summarize comments and make revisions to PPP	9/3/2019

Figure 4-1 (AMBAG, 2019)

V. Interested Parties and Public Engagement

Senate Bill 375 and Sustainable Communities Strategy (SCS) Public Outreach

In addition to the required methods for public participation employed to seek public input on plans, programs and projects in the Monterey Bay region, AMBAG is required to undertake outreach defined in Senate Bill 375. This legislation requires that the transportation plans prepared by AMBAG be consistent with a Sustainable Communities Strategy (SCS) for achieving greenhouse gas emissions targets approved by the California Air Resources Board (CARB) for the region. AMBAG and our partner agencies coordinated to undertake the specific outreach strategies identified below in preparation for the *Moving Forward 2040 Monterey Bay Plan (or MTP/SCS)*, which was adopted in June 2018. For more information on specific outreach activities, please see Chapter 6 and Appendix D of the 2040 MTP/SCS.

Engagement of Minority, Low Income, and Limited English Proficiency (LEP) Communities

Pursuant Executive Order 13166 and FTA Circular 4703.1, AMBAG and RTPAs must strive to make more of a conscious effort to incorporate LEP populations within the Monterey Bay region in all regional and local planning projects and programs. This can be done by:

- Increasing publication of information in Spanish and other languages as necessary
- Establishing special bilingual committees
- Increasing outreach to Spanish-language media
- Assessing what is needed to expand cultural diversity at meetings

More information as to how AMBAG will conduct outreach to the LEP populations in our region can be found in the LEP Plan within the AMBAG 2018 Title VI Plan.

Additional Methods for Public Participation

In addition to the required methods and procedures for engaging public participation, our partner agencies in the Monterey Bay region may utilize some or all of the following optional methods to seek public input on plans, programs, projects and the regional Sustainable Communities Strategy. Methods chosen will depend on the size of the project or the anticipated level of community interest expressed after the initial outreach purpose and list of stakeholders are identified.

1. Public Workshops and Public Meetings

The purpose of public workshops and public meetings is to present information and obtain input from the public, usually on specific issues, policies, programs, plans or projects. Such meetings are held throughout the planning process and are tailored to specific issues or geographic areas. The Brown Act governs the general conduct of all public meetings, including public workshops.

For public workshops and meetings of particular interest to members of the community, the distribution of notices, agendas and materials via email and on websites is widely used. Public notice ads in local newspapers (online or printed) may also be used depending on the project.

2. Community Outreach Events and Strategies

Community activities are used to encourage public engagement in regional planning activities and goals. For example, several of the regional rideshare providers within the Monterey Bay region have worked with the Monterey Bay Unified Air Pollution Control District (MBUAPCD) to promote the annual Rideshare Week and Clean Air Month in the past.

MST and other rideshare agencies within the regional transportation network also attend community meetings, set up displays at Earth Day, at university/community college in-person registration periods, at transportation fairs at employers' work sites and job fairs, at community events, and sponsor related events such as Bike Week and Bike to Work Day. Other community outreach strategies may include:

- Working with community based organizations to enhance outreach, either through direct contact or through the release of Request for Proposals (RFPs) as funding allows
- Incorporating visualization techniques and interactive activities into planning and programming processes
- Outreach through disadvantaged communities, especially in underserved areas of the Monterey Bay region
- Using health services programs to combine outreach efforts
- Working with leadership groups in each county to educate a broader audience of community leaders about transportation issues
- Targeting large employers and colleges/universities
- Holding public hearings and/or focus group meetings outside of typical work hours and at more convenient locations to provide a wider range of public meeting times and multiple locations in each jurisdiction
- Hosting meetings in facilities that are already established activity centers, such as senior centers
- Provide information at high-traffic locations such as Farmer's Markets, First Friday Art Gatherings, neighborhood block parties and parades.
- Increase involvement with local schools including parent groups and charter schools.

3. Other Activities

AMBAG and RTPAs also use other public involvement methods as appropriate, including:

- **Public Opinion Surveys** – Public opinion or attitude surveys are used to assess public attitudes or to obtain socioeconomic or demographic information for specific purposes. Electronic deliberative polling and charettes may be employed at meetings to provide instant feedback from the public regarding opinions and attitudes to proposed plans, policies and projects.

- **Stakeholder Meetings** – In the development of special studies, our partner agencies may hold meetings with affected stakeholders to gain their perspective and insights on the study subject.
- **Open Houses** - In an open house, one-to-one exchanges between the public and policy makers and/or staff take place in an informal setting. Members of the public ask questions, express concerns, react to proposed plans and policies and make suggestions.
- **Conferences** – Some partner agencies have hosted conferences on transportation issues for educational purposes, soliciting media coverage, and/or soliciting input on specific funding topics.
- **Speaker’s Bureau** – Designed to have people on staff able to visit various community and interest groups, several agencies employ this method to discuss their agency, its purpose, and upcoming projects/programs/issues.
- **Expert Panels** - Individuals with specific expertise, with or without a stake in the outcome of the process, are invited to sit on expert panels to provide advice to staff on policy and technical issues in an informal, roundtable setting.
- **Focus Groups** – Agencies conduct periodic Focus Groups to determine detailed public opinion on transportation topics in the county or reports written by the agency and transportation in the county.
- **Ribbon Cuttings and Ground Breakings** – Agencies hold ceremonies to commemorate the opening of a new project or the beginning of construction. This provides a great opportunity to demonstrate agency accomplishments to the public.

Additional Strategies to Increase Involvement

Although the listing at the beginning of this section provides a summary of the procedures and methods currently used by AMBAG and RTPAs to provide information on their transportation planning processes in the region, each of these methods has varying levels of success, depending on the agency and its constituents. Some of the following methods were particularly successful in eliciting public participation into the transportation arena:

- Agency websites and web postings (such as eNews, videos, visual graphics and blogs)
- Extensive email distribution lists
- Flyers/inserts in paychecks, bills, or other mailers
- Collaborative outreach with other agencies
- Online and mail-in surveys
- Targeted focus group or community meetings
- Interviews on the radio
- Presentations at standing events
- Public service announcements

- Door to door solicitation

In addition to these successful methods, the list below incorporates potential methods AMBAG and RTPAs will work to incorporate into their transportation planning, programming and service delivery projects.

1. Marketing and Visualization Strategies

- Online publication and web based comment of plans/programs, including an increased use of illustrations on agency websites and on affiliated social media networks, such as Twitter, Facebook and Nextdoor
- Increased emphasis on public access television, radio and internet radio
- Coordinated media stories between partner agencies and media outlets
- Prepare weekly or monthly transportation column in local newspapers or newsletters
- Develop public service announcements for distribution
- Write articles for company newsletters and special interest publications
- Target marketing/notices highlighting how planning documents may impact them
- Broadcast hearings on the internet, through webcasts and drone overviews
- Distribute electronic neighborhood newsletters
- Use newspaper articles and active communication with published news sources
- “Word of mouth” is most effective, through direct phone calls and e-mails
- Use direct communication and website information
- Use of video on websites like YouTube, Vimeo and others
- Tap into crowdsourcing and news group opportunities for public opinion

2. Coordination Strategies

- Better incorporation between transportation and land use programs and policies
- Establish special commissions/task forces to engage the public in a less formal setting on certain topics
- Notify and make presentations to other government agencies about high priority projects and to publicize upcoming topical meetings
- Provide thorough explanations of the proposals or project needs in an easy to understand method

3. Feedback and Evaluation Strategies

- Constituent survey requesting feedback on their notification preferences
- Follow up with contacts after each public input is received to ensure participants that their efforts are meaningful and are appreciated

4. Language Assistance Strategies

- Provide outreach materials in larger fonts and in braille at public outreach meetings for the visually impaired populations upon request
- Upload audio recordings of the public outreach meetings on our website for our hearing impaired populations
- Ensure all public meetings are held in wheelchair accessible locations to comply with ADA standards and accommodate the physically disabled populations
- Offer translation services online and in printed outreach materials. The Google Translator widget for instance is a potentially great tool that can be used on agency websites that is cost effective and helpful to residents

These strategies are not an exclusive summary of what could be done in the Monterey Bay region, but a list of what AMBAG and RTPAs believe could further enhance public outreach in our region. As our mission statement entails, AMBAG strives to provide “strategic leadership and services to analyze, plan and implement regional policies for the benefit of the Counties and Cities of Monterey, San Benito and Santa Cruz, balancing local control with regional collaboration.”

By updating the PPP, AMBAG and the RTPAs hope to achieve broad public participation on the various transportation planning, programming and project implementation activities within the region.

VI. Accountability

The 2019 Public Participation Plan has been adopted by AMBAG, TAMC, SBtCOG and SCCRTC. The participation procedures, strategies and goals incorporated into this Public Participation Plan are intended to provide interested parties with reasonable opportunities for involvement in transportation planning, programming and project implementation in the region.

The *2019 Public Participation Plan* contains a comprehensive list of interested parties to encourage participation among a diverse range of stakeholders and community groups. AMBAG is required to comply with state and local legislation in the development of its MTPs and MTIPs. RTPAs are required to comply with state and federal legislation in the development of their RTPs and RTIPs. AMBAG is specifically required to consult with agencies and officials responsible for other planning activities within the region that are affected by AMBAG's MTP/SCS and MTIP (including, as appropriate, state and local agencies responsible for land use management, natural resources, environmental protection, conservation, and historic preservation).

The *2019 Public Participation Plan* is intended to act as a guide for the public participation process. The Plan will be reviewed biennially to determine its effectiveness in meeting a full and open participation process in transportation planning, programming and service delivery need.

The *2019 Public Participation Plan* will also be considered as a mandated document that requires AMBAG to continue its commitment to involve minority, low income and Limited English Proficiency (LEP) communities by sharing this Public Participation Plan with these populations and staying connected with current stakeholders and local community groups who represent these populations on an ongoing basis.

Appendix A: List of Acronyms

Appendix A: List of Acronyms

ADA	Americans with Disabilities Act of 1990
ALUC	Airport Land Use Commission
AMBAG	Association of Monterey Bay Area Governments
Caltrans	California Department of Transportation
CARB	California Air Resources Board
CEQA	California Environmental Quality Act
COG	Council of Governments
CHP	California Highway Patrol
CTC	California Transportation Commission
DEIR	Draft Environmental Impact Report
DOF	Department of Finance (State of California)
E&D TAC	Elderly & Disabled Transportation Advisory Committee
EIR	Environmental Impact Report
EMFAC Model	Emission Factors Model developed by CARB
EPA	Environmental Protection Agency
EPSP	Expedited Project Selection Procedures
FAST-ACT	Fixing America's Surface Transportation Act
FHWA	Federal Highway Administration
FSP	Freeway Service Patrol
FTA	Federal Transit Administration

FTIP	Federal Transportation Improvement Program
GHG	Greenhouse Gas Emissions
GIS	Geographic Informational Systems
HOV	High Occupancy Vehicle
LEP	Limited English Proficiency
LTA	San Benito County Local Transportation Authority
LTC	Local Transportation Commission (e.g. SBtCOG, SCCRTC, TAMC)
MAC	(Santa Cruz) METRO Advisory Committee
MAP-21	Moving Ahead for Progress in the 21 st Century
MBARD	Monterey Bay Air Resources District
MCHA	Monterey County Hospitality Association
MPAD	Monterey Peninsula Airport District
MPO	Metropolitan Planning Organization (e.g. AMBAG)
MTP	Metropolitan Transportation Plan
MST	Monterey-Salinas Transit
MTIP	Metropolitan Transportation Improvement Program
NEPA	National Environmental Policy Act
OWP	Overall Work Program (the Monterey Bay region work program)
PIP	Public Involvement Program
PPP	Public Participation Plan
RAC	Rail Acquisition Committee
RFP	Request For Proposals

RHNA	Regional Housing Needs Assessment
RIDES	MST's Paratransit Program
RSTP	Regional Surface Transportation Program (funding source)
RTIP	Regional Transportation Improvement Program (prepared by RTPAs)
RTP	Regional Transportation Plan (prepared by RTPAs)
RTPA	Regional Transportation Planning Agency (e.g. SBtCOG, SCCRTC, TAMC)
RTPAC	Regional Transportation Plan Advisory Committee for San Benito COG
SAFE	Service Authority for Freeways and Expressways
SAFETEA-LU	Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users
SB 375	Senate Bill 375 - connects land use decisions to transportation emissions
SBtCOG	San Benito County Council of Governments
SCCRTC	Santa Cruz County Regional Transportation Commission
SCMTD	Santa Cruz Metropolitan Transit District (or Santa Cruz METRO)
SCS	Sustainable Communities Strategy
SIP	State Implementation Plan
SRTP	Short Range Transit Plan
SSTAC	Social Service Transportation Advisory Council
STIP	State Transportation Improvement Plan
TAC	Technical Advisory Committee

**Appendix E:
Federal and State
Regulations Concerning
Interested Parties, Public
Involvement and
Consultation**

Appendix E: Federal and State Regulations Concerning Interested Parties, Public Involvement and Consultation

AMBAG and our partner agencies are required to satisfy statutory and regulatory guidelines in the structuring and implementation of its planning efforts. Federal and State legislation, as well as local preference and practice, are combined to shape the statutory environment that this 2019 Public Participation Plan must satisfy. The *2019 Public Participation Plan* has been created to comply with the following federal and state statutory requirements.

Federal Legislation

Fixing America's Surface Transportation Act (FAST-Act)

In 2015, President Obama signed into law a new transportation authorization, entitled Fixing America's Transportation Act. In accordance with 23 CFR 450.316, a metropolitan planning organization (MPO) is required to engage in a metropolitan planning process that creates opportunities for public involvement, participation, and consultation throughout the development of the Metropolitan Transportation Plan (MTP) and the Transportation Improvement Program (TIP). Under this requirement, MPOs must allow for:

- Adequate public notice of public participation activities;
- Review and comment at key decision points in the development of the MTP and TIP; and
- Multiple, accessible participation formats, including electronic and in-person.

The MPO should develop a collaborative and comprehensive Public Participation Plan, in full collaboration with the public and stakeholder communities, to be used in the development of the MTP and TIP, as well as to frame the strategies for public and stakeholder communication and collaboration in all phases of the planning process. The Participation Plan itself must be prepared by the MPO with a 45-day public review and comment period. Similarly, states are required to have a documented public participation process.

Moving Ahead for Progress in the 21st Century (MAP-21)

In 2012, President Obama signed into law a new two year transportation authorization, entitled Moving Ahead for Progress in the 21st Century (MAP-21) and is the first long-term highway authorization enacted since 2005. MAP-21 helps create a streamlined, performance-based and multimodal program to address the challenges facing the U.S. transportation system today. MAP-21 was also created to emphasize the need for more public involvement in regional transportation decision making. This federal law requires all Metropolitan Planning Organizations (MPO) such as AMBAG to "provide citizens, affected public agencies, representatives of public transportation agency employees, freight shippers, providers of freight transportation services, private providers of transportation, representatives of users of public transportation, representatives of users of pedestrian walkways and bicycle transportation facilities, representatives of the disabled, and other interested parties with a

reasonable opportunity to comment” on all transportation-related projects and plans within the Monterey Bay region. MAP-21 also requires AMBAG to coordinate transportation plans with the regional growth forecast, travel demand model and other related planning activities when developing and updating major planning documents such as our MTP/SCS and MTIP for the region.

Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU)

The public participation requirements of SAFETEA-LU, as defined in the *Final Rule for Metropolitan Transportation Planning* and adopted in 2005, has been used to shape the metropolitan transportation planning process. The elements required by SAFETEA-LU include that:

- The participation plan must be developed in consultation with interested parties
- The participation plan must include procedures for employing visualization techniques
- The participation plan must be available and accessible to the public, including in electronically accessible formats

Overall, Title 23 CFR §450.316 (a) specifies that “the MPO shall develop and use a documented participation plan that defines a process for providing citizens, affected public agencies, representatives of public transportation employees, freight shippers, providers of freight transportation services, private providers of transportation, representatives of users of public transportation, representatives of users of pedestrian walkways and bicycle transportation facilities, representatives of the disabled, and other interested parties with reasonable opportunities to be involved in the metropolitan transportation planning process.”

Title VI of the Civil Rights Act of 1964, and Civil Rights Restoration Act of 1987.

Title VI of the Civil Rights Act of 1964 prevents government agencies receiving federal funding from discriminating on the basis of race, color, national origin or disability. The Civil Rights Restoration Act of 1987 extended Title VI’s applicability to all programs sponsored by federally-aided agencies, regardless of the program’s specific funding sources.

The concept of environmental justice emerged from these two regulations, and is founded on the principles of:

- Mitigating disproportionately high and adverse health or environmental effects on minority or low income populations
- Ensuring that all affected communities have the ability to participate fully in transportation decision making processes
- Preventing the denial, reduction or delay of receiving benefits by minority and low income populations

Executive Order 12372 - Intergovernmental Review of Federal Programs

Executive Order 12372 calls for intergovernmental review of projects to ensure that federally funded or assisted projects do not inadvertently interfere with state and local plans and priorities. The Executive Order does not replace public participation, comment, or review

requirements of other federal laws, such as the National Environmental Policy Act (NEPA), but gives the states an additional mechanism to ensure federal agency responsiveness to state and local concerns.

Executive Order 12898 - Federal Actions to Address Environmental Justice in Minority Populations and Low Income Populations

Adopted in 2011, Executive Order 12898 provides for the intergovernmental review of projects to ensure that federally funded or assisted projects do not inadvertently interfere with state and local plans and priorities. This order also requires every agency to incorporate environmental justice goals as part of its mission by addressing and identifying the disproportionately high and adverse human health or environmental effects of the agency's programs and policies on disadvantaged communities.

Executive Order 13166 - Improving Access to Services for Persons with Limited English Proficiency

Executive Order 13166 requires agencies to identify and develop services to provide those with Limited English Proficiency (LEP) access to federally conducted and funded programs.

Executive Order 13175 - Consultation and Coordination with Indian Tribal Governments

Executive Order 13175 requires agencies to consult and coordinate with local Indian Tribal governments. In the Monterey Bay Area there are no federally recognized tribes, however, staff does notify and consult the local Esselen and Ohlone/Costanoan tribal governments.

Clean Air Act & the Air Quality Implementation Plan (Title 40 CFR § 93.105)

As amended by the Clean Air Act, Title 40 CFR § 93.105 defines the procedures for interagency consultation, resolution of conflicts and public consultation. This includes establishing a proactive public involvement process, which is outlined in this plan.

Americans with Disabilities Act of 1990 (ADA), the Rehabilitation Act of 1973, & the Age Discrimination Act of 1975

The Americans with Disabilities Act of 1990 amended Title 42 regarding public health and welfare, to ensure the protection of civil rights regarding discrimination based on disability. The Rehabilitation Act of 1973 prohibits discrimination on the basis of disability for any programs conducted by or receiving federal funding. The Age Discrimination Act of 1975 prohibits discrimination on the basis of age for any program conducted by or receiving federal funding.

FTA Circular 4703.1 – Environmental Justice Policy Guidance for FTA Recipients

Adopted in 2012, the purpose of this circular is to provide guidance to the recipients of FTA financial assistance in order to incorporate environmental justice principles into plans, projects, and activities that receive funding from FTA. The following guiding environmental justice principles must be considered through “all public outreach and participation efforts conducted by the FTA, its grantees and sub-grantees”:

- (1) To avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low income populations.

- (2) To ensure the full and fair participation by all potentially affected communities in the transportation decision making process.
- (3) To prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority and low income populations.

Title 23: 450.316 from *Federal Register Vol. 72 No. 30*

Title 23: Highways; Part 450—Planning Assistance and Standards, 450.316 Interested parties, participation, and consultation.

(a) The Metropolitan Planning Organization (MPO) shall develop and use a documented participation plan that defines a process for providing citizens, affected public agencies, representatives of public transportation employees, freight shippers, providers of freight transportation services, private providers of transportation, representatives of users of public transportation, representatives of users of pedestrian walkways and bicycle transportation facilities, representatives of the disabled, and other interested parties with reasonable opportunities to be involved in the metropolitan transportation planning process.

(1) The participation plan shall be developed by the MPO in consultation with all interested parties and shall, at a minimum, describe explicit procedures, strategies, and desired outcomes for:

(i) Providing adequate public notice of public participation activities and time for public review and comment at key decision points, including but not limited to a reasonable opportunity to comment on the proposed Metropolitan Transportation Plan (MTP) and the Metropolitan Transportation Improvement Program (MTIP);

(ii) Providing timely notice and reasonable access to information about transportation issues and processes;

(iii) Employing visualization techniques to describe the MTP and MTIP;

(iv) Making public information (technical information and meeting notices) available in electronically accessible formats and means online

(v) Holding any public meetings at convenient and accessible locations and times;

(vi) Demonstrating explicit consideration and response to public input received during the development of the MTP and MTIP;

(vii) Seeking out and considering the needs of those traditionally underserved by existing transportation systems, such as low income and minority households, who may face challenges accessing employment and other services;

(viii) Providing an additional opportunity for public comment, if the final MTP or MTIP differs significantly from the version that was made available for

public comment by the MPO and raises new material issues which interested parties could not reasonably have foreseen from the public involvement efforts;

(ix) Coordinating with the statewide transportation planning public involvement and consultation processes under subpart B of this part; and

(x) Periodically reviewing the effectiveness of the procedures and strategies contained in the participation plan to ensure a full and open participation process.

(2) When significant written and oral comments are received on the draft metropolitan transportation plan and TIP (including the financial plans) as a result of the participation process in this section or the interagency consultation process required under the EPA transportation conformity regulations (40 CFR part 93), a summary, analysis, and report on the disposition of comments shall be made as part of the final metropolitan transportation plan and TIP.

(3) A minimum public comment period of 45 calendar days shall be provided before the initial or revised participation plan is adopted by the MPO. Copies of the approved participation plan shall be provided to the FHWA and the FTA for informational purposes and shall be posted on the World Wide Web, to the maximum extent practicable.

(b) In developing metropolitan transportation plans and TIPs, the MPO should consult with agencies and officials responsible for other planning activities within the MPA that are affected by transportation (including State and local planned growth, economic development, environmental protection, airport operations, or freight movements) or coordinate its planning process (to the maximum extent practicable) with such planning activities. In addition, metropolitan transportation plans and TIPs shall be developed with due consideration of other related planning activities within the metropolitan area, and the process shall provide for the design and delivery of transportation services within the area that are provided by:

(1) Recipients of assistance under title 49 U.S.C. Chapter 53;

(2) Governmental agencies and non-profit organizations (including representatives of the agencies and organizations) that receive Federal assistance from a source other than the U.S. Department of Transportation to provide non-emergency transportation services; and

(3) Recipients of assistance under 23 U.S.C. 204.

(c) When the MPA includes Indian Tribal lands, the MPO shall appropriately involve the Indian Tribal government(s) in the development of the metropolitan transportation plan and the TIP.

(d) When the MPA includes Federal public lands, the MPO shall appropriately involve the Federal land management agencies in the development of the metropolitan transportation plan and the TIP.

(e) MPOs shall, to the extent practicable, develop a documented process(es) that outlines roles, responsibilities, and key decision points for consulting with other governments and agencies, as defined in paragraphs (b), (c), and (d) of this section, which may be included in the agreement(s) developed under §450.314.

FHWA/FTA has also provided frequently asked questions and answers on public involvement in transportation decision making in regards to Title 23 CFR 450 on their website:
http://www.fhwa.dot.gov/planning/public_involvement/archive/q_and_a/index.cfm

State Legislation

Government Code 11135

Government Code 11135, subdivision (a) states that “no person in the State of California shall, on the basis of race, national origin, ethnic group identification, religion, age, sex, sexual orientation, color, or disability, be unlawfully denied full and equal access to the benefits of, or be unlawfully subjected to discrimination under, any program or activity that is conducted, operated, or administered by the state or by any state agency that is funded directly by the state, or receives any financial assistance from the state.” The purpose of this code is to provide all citizens protection from discrimination from any program or activity that is either conducted, funded directly by, or receives any financial assistance from the state.

Government Code 65080 & SB 375

In 2008, SB 375 was passed by the state legislature, amending Government Code 65080 to include specific language for public participation activities required by MPOs as they develop their Sustainable Communities Strategy (SCS) for the long range Metropolitan Transportation Plan (MTP). Specifically, the contents of this plan are guided by the *2010 California Regional Transportation Plan Guidelines* produced by the California Transportation Commission. These activities, outlined further in chapter 5, includes holding additional meetings and workshops, extensive consultation and coordination, updating the public participation plan, as this document does, and providing a process for members of the public to receive updates and information regarding the development of the SCS. The specific language can be found in the California Government Code section 65080 (b) (2) (E).

California Environmental Quality Act (CEQA)

The California Environmental Quality Act (CEQA) (CPRC § 21000 et seq) requires transportation plans and programs developed by AMBAG and the RTPAs to undergo an extensive environmental review process.

The MTP and RTPs require approval by governing bodies, and as such, AMBAG and our partner RTPAs must prepare an Environmental Impact Report (EIR) that evaluates the significant environmental impacts of the proposed projects and determine ways to mitigate the impacts to below significance. In addition, specific projects may undergo individual EIR processes depending on their scope or inclusion in the long range transportation plan EIR.

The preparation of an EIR requires extensive consultation between our partner agencies and provides for a 45-day public review period.

The Brown Act

The Brown Act (California Government Code § 54950-54963) regulates meetings of local public agencies. The Brown Act also applies to any committee or subsidiary body of a local agency, whether permanent or temporary, decision making or advisory, created by local agency governing boards. The Brown Act sets minimum standards for open meetings relative to notice posting, agenda distribution, access, location of meeting, and public input. The Brown Act requires agendas for regular meetings to allow members of the public to address the agency on any item of interest to the public within the purview of the particular agency. To give sufficient time for all interested parties to present their opinions, each agency may limit the amount of time per person for such public testimony.

I. Introduction

Development of the 2045 Metropolitan Transportation Plan/Sustainable Communities Strategy (MTP/SCS) will be a multi-year effort that begins in 2019. A comprehensive Public Involvement Plan (PIP) to support the 2045 MTP/SCS is a key part of the process. The purpose of this PIP is two-fold: (1) to support the development of the 2045 MTP/SCS by providing every available opportunity for the general public, partner agencies, and stakeholders to provide feedback; and (2) to further improve transportation decision making in the region by reaching out to underserved communities within the Monterey Bay Region more effectively.

A critical component in preparing the 2045 MTP/SCS is to provide guidance in the structuring of regional transportation planning processes to ensure that, to the greatest extent possible, interagency consultation and public participation were an integral and continuing part of the regional transportation decision making process. The participation policies and procedures described in this PIP are structured to enable all participants the ability to express their genuine regional values and interests in the shaping and implementation of regional policies and decisions regarding the transportation system.

SB 375 requires AMBAG to adopt a Public Involvement Plan (PIP) for the development of the SCS and must include the following public involvement activities¹ and techniques:

1. Outreach efforts to encourage the active participation of a broad range of stakeholder groups in the planning process, consistent with AMBAG's 2019 Public Participation Plan², including, but not limited to, affordable housing advocates, transportation advocates, neighborhood and community groups, environmental advocates, transportation disadvantaged representatives, home builder representatives, broad-based business organizations, landowners, commercial property interests, and homeowner associations.
2. Consultation with congestion management agencies, transportation agencies, and transportation commissions.
3. Workshops throughout the Monterey Bay region to provide the public with the information and tools necessary to provide a clear understanding of the issues and policy choices. At least one workshop shall be held in each county in the region. Each workshop, to the extent practicable, shall include urban simulation computer modeling to create visual representations of the SCS and the alternative planning strategy.
4. Preparation and circulation of a Draft SCS and an alternative planning strategy, if one is prepared, not less than 55 days before adoption of a final regional transportation plan.

¹ Government Code Section 65080(b)(2)(B)(iii)

² 2019AMBAG Public Participation Plan: <http://www.ambag.org/programs-services/planning/public-participation-plan>

5. At least three public hearings on the Draft 2045 MTP/SCS and alternative planning strategy, if one is prepared. To the maximum extent feasible, the hearings shall be in different parts of the region to maximize the opportunity for participation by members of the public throughout the Monterey Bay region.

6. A process for enabling members of the public to provide a single request to receive notices, information, and updates.

The public participation policies and procedures described in this PIP are structured to comply with all applicable federal and state legislation, rules, and express the genuine regional value and interest for all residents of the Monterey Bay region to participate in the shaping and implementation of the 2045 MTP/SCS. In pursuing its mission, “AMBAG provides strategic leadership and services to collaboratively analyze, plan and implement regional policies for the benefit of the Counties and Cities of the Monterey Bay region balancing local control with regional collaboration.” AMBAG strives to inform and involve its local jurisdictions and all members of the general public throughout its 2045 MTP/SCS development process.

II. Goals and Objectives

AMBAG and partner agencies in the Monterey Bay region seek the participation of a diverse set of communities with an interest in regional planning efforts, including low income households, minority populations, Limited English Proficiency (LEP) populations, persons with disabilities, representatives from community and service organizations, tribal organizations, and other public agencies.

A. Public Participation Plan

The *2019 Public Participation Plan's* identifies a more in-depth overview of AMBAG's public involvement process, which includes seven guiding principles. These principles provide the framework for this PIP, which are as follows:

1. Valuing public participation and promoting broad based involvement by members of the community
2. Providing varied opportunities for public review and input
3. Treating all members of the public fairly, and respecting and considering all public input as an important component of the planning and implementation process
4. Promoting a culture of dialogue and partnership among residents, property owners, the business community, organizations, other interested members of the public, and public officials
5. Involving underserved communities and community groups, as well as other organizations
6. Encouraging active public participation throughout the entire process
7. Providing communications and agency reports that are clear, timely and broadly distributed

AMBAG has established a set of activities and goals to achieve each of our seven guiding principles by creating a framework and action plan for each outreach goal. These goals are agency wide and can also be utilized and implemented in all major plans and projects within the Monterey Bay region, such as the 2045 MTP/SCS. The activities and goals include:

1. Broad Based Involvement

Goal: Value public participation and promoting ***broad based involvement*** by members of the community.

Activity: In addition to having a list of stakeholders and working collaboratively with our partner agencies, AMBAG will also interact and outreach to community groups within the Monterey Bay Region, as input from a variety of perspectives helps to enhance the process and

results. AMBAG structures its major planning initiatives and funding decisions to provide for meaningful opportunities to help shape outcomes. For example, because AMBAG's 2045 MTP/SCS is the blueprint for both new policies and investments for the Monterey Bay Region, updating and developing the MTP/SCS is one of the best projects for interested persons to get involved.

2. Opportunity

Goal: Provide varied *opportunities for public review and input*.

Activity: AMBAG will engage with partner agencies, committees, working groups, and the public to obtain comments and suggestions during the development of future updates to the MTP/SCS and MTIP. When the drafts of our major plans, programs, and documents are released, the public review period for each document vary from 30-55 days. AMBAG will announce these public review periods through various media outlets, thereby providing as many opportunities as possible for the public to read and provide comments on the drafts of our major documents to be implemented in the future. Below is a list of potential ways that AMBAG will make this information available to the public:

- Websites
- News Releases
- Articles
- Press Conferences
- Radio and Television
- Newsletters, Brochures and eNews
- Agency Reports
- Posters and Inserts
- Project Flyers and Folders
- Advertising
- Online Social Media Networks
- Mapping

3. Environmental Justice

Goal: Treat all members of the public fairly, and *respect and consider all citizen input* as an important component of the planning and implementation process.

Activity: AMBAG plans to actively reach out to the traditionally underserved and underrepresented communities within the Monterey Bay Region and enhance efforts to involve rural communities in all major transportation planning processes. AMBAG will undertake specific strategies to involve all members of the general public in AMBAG's regional transportation planning and investment decisions. AMBAG's 2018 Title VI Plan delves into these strategies in the Limited English Proficiency (LEP) Plan found in Appendix E of the Title VI Plan,

which outlines how we plan to outreach to underserved and underrepresented groups. One size does not fit all as input from diverse perspectives enhances the process.

4. Engagement

Goal: Promote a *culture of dialogue and partnership* among residents, property owners, the business community, organizations, other interested individuals, and public officials.

Activity: Early engagement is best. Create support materials that are easy to understand and visually engaging in both print and electronic format and make them accessible at meetings and on AMBAG's website³. Plan workshops and/or public hearings at convenient venues and times across the region and/or provide virtual participation if feasible; and ensure such events are fully accessible to the general public, including low income, minority, and rural communities, disabled and Limited English Proficiency (LEP) populations.

5. Involvement of Underserved Communities

Goal: *Involve underserved communities and local community groups*, as well as other organizations.

Activity: Reach out to local community groups and smaller/rural communities that feel like they don't have a voice and involve them in the public participation process as much as possible. An open and transparent public participation process will help empower affected low income communities and communities of color to participate in the decision making process. Engaging interested persons in regional transportation issues is challenging, yet possible, by making it relevant, removing barriers to participation, and translating material for Limited English Proficiency individuals, when possible.

6. Encouragement

Goal: *Encouraging active public participation* throughout the whole process.

Activity: Ask thought provoking questions in workshops and outreach meetings and engage audiences in strong discussions. Public participation is a dynamic activity that requires teamwork and commitment from all of the Monterey Bay region's agencies, from the regional level to the local level. Include engagement exercises to maximize participation.

7. Clear Communication

Goal: Providing communications and agency reports that are *clear, timely and broadly distributed*.

³ AMBAG website: <http://www.ambag.org/>

Activity: Make all types of communication clear, accessible, and easy to understand. Potential methods include: add a translation link in Spanish for Limited English Proficiency (LEP) individuals through a Google Translation Widget on our website, and distribute all flyers, online notices, announcements and other materials in both English and Spanish. The Monterey Bay Region is home to a significant Spanish speaking population. AMBAG will also provide hearing and/or visually impaired individuals assistance in online and physical media distributions through physical outreach materials printed in larger font and in braille, upon request. Effective public outreach and involvement requires collaborating with regional local governments, stakeholders and advisory groups such as our partner agencies.

B. Title VI Plan

The *2018 Title VI Plan*⁴ is a comprehensive document that guides AMBAG in the Title VI process. Title VI is a Federal statute and provides that no person shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.

The *2018 Title VI Plan* emphasizes the AMBAG Title VI process and procedures, including the use of public outreach techniques and innovative strategies to specifically include Limited English Proficiency (LEP) Populations throughout the region. The LEP population we have identified in our LEP Plan will help set a precedent for future public workshops and events throughout the Monterey Bay region. A Title VI Plan is the required guide for all Title VI related activities conducted by AMBAG, this PIP will stay consistent with the *2018 Title VI Plan* and will incorporate the procedures, strategies and techniques that will be used by AMBAG for increasing public involvement and make more of an effort to include LEP populations in the 2045 MTP/SCS process.

⁴ AMBAG 2018 Title VI Plan: <http://www.ambag.org/programs-services/planning/title-vi-plan>

III. Public Engagement

AMBAG will engage the community throughout the development of the 2045 MTP/SCS. These activities include:

- Community workshops and events
- Public hearings
- A project website
- Visual graphics and media techniques
- Interactive surveys in English and Spanish (other languages as needed)
- Preparation of handout materials, flyers, information sheets, frequently asked questions (FAQs), etc.

A. Face to Face Interactions

Public Outreach

Public Workshops

Workshops will be held throughout the Monterey Bay region at key milestones throughout the 2045 MTP/SCS development process. Materials will be provided in English and Spanish; and translation services will be available at the workshops. These workshops will be held outside of typical work hours and at more convenient locations to make them more accessible to the public.

In addition, pop-up community events will be conducted to further interact with members of the public to learn about, give feedback on, and engage in the process of developing the 2045 MTP/SCS. These pop-up events may take place at popular locations such as farmer's markets, First Friday art gatherings, neighborhood block parties, church events, etc.

Public Hearings and Comment Forms

Public hearings will be conducted to receive comments on the Draft 2045 MTP/SCS Plan. The public hearings will be held at various locations throughout the region and will be advertised in local newspapers, flyers, press releases and email announcements to reach a wide variety of audiences who may be interested in receiving an opportunity to provide their input on the Draft 2045 MTP/SCS.

Comment forms will be provided to capture additional comments. Participants are encouraged to give these forms to those who could not attend the workshops. Comment forms can be

folded for easy mailing, or participants could send comments to info@movingforwardmb.org or through the project website⁵.

Public Information

AMBAG will create and distribute clear, concise, and engaging information to support public involvement efforts. These materials will have a consistent look and feel, reflecting the branding that will be developed for the 2045 MTP/SCS.

Below is a menu of materials that may be used to provide information about the 2045 MTP/SCS and its components; the development process; why this process is relevant to the region's residents; and information about how, when, and why stakeholders should get involved. All materials will be written in easy-to-understand terms with limited jargon/acronyms, and will be provided in a variety of languages and formats as needed. Materials will be distributed via a range of channels, including electronically (e-mail and website); at presentations, meetings, and events; at community locations (libraries, recreation centers, senior centers, and stores); and in the media (notices and advertisements). Materials will be updated as needed throughout the process.

Project Fact Sheet

A project fact sheet will be created to provide basic information about the 2045 MTP/SCS, its components, purpose, timeline, and information on how the general public can get involved in the process.

Flyers and Press Releases

Each flyer will have engaging images, a summary of opportunities for public involvement, key messages, and basic information about the 2045 MTP/SCS and its timeline. Flyers and notices will be prepared in English and Spanish. These flyers will be distributed to local agencies and those who plan to sign up for email updates on the website. A press release will be sent to local television, radio, and newspaper media outlets.

Public Notices

Notices for public meetings and opportunities for public comment will be published via:

- Online media outlets (project website, partner agencies websites, social media)
- Printed materials (advertisements in newspapers, printed flyers posted at strategic locations, etc.)
- Announcements (radio, meetings)

⁵ Moving Forward Monterey Bay MTP/SCS Website:
<http://www.movingforwardmb.org/project.html>

In addition, to stay consistent with AMBAG's 2018 Title VI Plan, all public notices will be printed and uploaded in English, Spanish, and Tagalog to ensure all Limited English Proficiency populations within the Monterey Bay region will be included in the 2045 MTP/SCS process.

B. Online Tools and Surveys

Project Website

A project website will be the central portal for information about the project and upcoming events. The website address will be provided on all outreach materials and will be updated regularly to maintain current content and will be the primary portal for public information about the 2045 MTP/SCS, incorporating interactive elements to provide opportunities for broad participation. Direct communication and website information will be synched from the project website and the AMBAG website for easier accessibility.

Media Outlets

Social Media

Online publication and web based comment of plans/programs will be created during the 2045 MTP/SCS process, including an increased use of illustrations on affiliated social media networks, such as Twitter and Facebook.

AMBAG staff and board members will also increase emphasis on public access television, radio and internet radio, coordinate media stories between our partner agencies and media outlets, and target marketing/notices highlighting how planning documents may impact them throughout the 2045 MTP/SCS process.

Newspapers and Newsletters

AMBAG will prepare and forward news releases to print and broadcast media on the 2045 MTP/SCS and advertise through display ads in local newspapers throughout the Monterey Bay region. AMBAG's monthly e-newsletter will report progress, encourage participation, and provide up to date information about opportunities for participation.

Surveys

Surveys will be conducted as needed for the 2045 MTP/SCS, which also can help us design future outreach strategies. These surveys will be conducted at key milestones of the planning process. To help increase awareness and to reach more people than conventional workshops, surveys will be created in English and Spanish (and other languages as needed), at critical points throughout the development of the 2045 MTP/SCS.

IV. Consultation and Coordination Efforts

A variety of committees and boards will be consulted throughout the planning process and at key milestones to solicit feedback, provide project updates, and relay community input from the workshops and surveys. These committees and boards are made up of elected officials, staff from local jurisdictions and agencies, local leaders and organizers, and members of the general public.

AMBAG Board of Directors

The AMBAG Board of Directors consists of 21 jurisdictions within Monterey, San Benito, and Santa Cruz Counties. An elected official from each jurisdiction is appointed by that jurisdiction's City Council or Board of Supervisors. Each of the 18 cities are represented by one member and each of the three counties by two members, forming the 24 member AMBAG Board of Directors. A representative from the Transportation Agency for Monterey County (TAMC), San Benito County Council of Governments (SBtCOG) Santa Cruz County Regional Transportation Commission (SCCRTC), Santa Cruz METRO, Monterey-Salinas Transit, Caltrans, Monterey Bay Air Resources District, Monterey Bay Community Power and Monterey Peninsula Airport District each serve as an ex-officio member.

The AMBAG Board meets monthly and sets policy. Day-to-day oversight is provided by the Executive Director, who is appointed by and serves at the pleasure of the Board of Directors.

The AMBAG Board will meet often throughout the planning process to receive project updates, provide policy direction, determine hybrid and preferred scenarios, and ultimately to adopt the MTP/SCS. Board members will be encouraged to take leadership positions on the MTP/SCS to encourage public understanding and engagement.

Planning Directors Forum

The Planning Directors Forum (PDF) consists of planning directors and staff from the 21 jurisdictions within Monterey, San Benito, and Santa Cruz Counties, the three regional transportation planning agencies, the two transit operators, Caltrans District 5, and AMBAG; as well as other stakeholders. The PDF will meet regularly to address regional land use and transportation planning issues. The PDF will meet throughout the planning process and at key milestones to identify priorities, help establish initial scenario development, review draft workshop materials, and to receive project updates including feedback from the community workshops and online surveys.

Regional Transportation Planning Agencies

In the Monterey Bay region, there are three Regional Transportation Planning Agencies (RTPAs): San Benito County Council of Governments (SBtCOG), Santa Cruz County Regional Transportation Commission (SCCRTC), Transportation Agency for Monterey County (TAMC).

Each of these three RTPAs consists of agency staff and board members, including staff from local jurisdictions, elected officials, and appointed members. The RTPAs Boards of Directors set policy and provide a source of funding for transportation planning projects within each county. AMBAG staff will meet with the three RTPAs' Boards at key milestones to present findings, provide project updates, and receive input on the MTP/SCS development, project identification, and priorities.

Technical Advisory Committees

The Technical Advisory Committees (TACs) are made up of staff from local jurisdictions and agencies, including local transit service providers and the RTPAs. The TACs review and provide technical guidance and advice on transportation projects and programs within each county, and makes recommendations to the RTPA boards or directors. AMBAG staff will meet with the TACs at key milestones throughout the planning process to confirm transportation priorities, projects, and funding sources.

Stakeholder Contact List

A master stakeholder contact list will be maintained for distribution of press releases, flyers, and project updates. This list includes members of the AMBAG Board, the Planning Directors Forum, Regional Advisory Committee, and other related groups. In addition, media outlets, local organizations, and workshop and survey participants who provided a valid email address will be included.

Please refer to Appendix D in AMBAG's 2019 Public Participation Plan for the current list of stakeholders within the Monterey Bay region.

**Appendix H:
Draft 2019 PPP Public
Comments and Responses**

Appendix H: Draft 2019 PPP Public Comments and Responses

Name	Agency/Jurisdiction/Public	Comments	Response
Erica Murphy	Public	I am concerned that the transportation system be designed with south county in mind. That means there needs to be input from the folks in Watsonville. There needs to be outreach in Spanish. There needs to be public meetings held in Watsonville. The fact that meetings are even held in Scotts Valley is excluding low income, low mobility folks in Watsonville. The people in Scotts Valley on the other hand typically have the means to travel to Watsonville. Please make sure that proper outreach is done in Spanish and in Watsonville.	AMBAG and SCCRTC hold meetings and public workshops throughout Santa Cruz County, including Watsonville. All public workshops have materials provided in English and Spanish as well as translation services.
Linda Wilshusen	Public	Thank you for the opportunity to comment on the Draft 2019 Public Participation Plan. The Plan is comprehensive and provides a detailed review of the robust processes and efforts of Monterey Bay regional transportation agencies to solicit and encourage public participation in decision-making. Regarding Guiding Principle #7, "Providing communications and agency reports that are clear, timely and broadly distributed" (page 3), I would like to request that the Commission and other responsible agencies consider improving public access to online meeting and agenda materials. This is especially important in light of the high	AMBAG is currently updating its website to make it more accessible the public including providing easier access to meeting agendas and materials.

Name	Agency/Jurisdiction/Public	Comments	Response
		<p>degree of public interest in regional and local transportation issues and projects. Although not to presume current best practices in this regard, in reviewing agendas of other local and state public agencies, some aspects of online agenda materials which can significantly increase ease of use include:</p> <ol style="list-style-type: none"> 1. Note the page number in the Agenda on which each Agenda Item begins, to match PDF pagination. 2. In the Agenda, link to each Agenda Item's staff report and other materials. 3. Format the PDF file so that charts and other items which are printed vertically can be read horizontally in the PDF version. 4. Ensure that attachments and other materials are readable in a manner similar to 12pt staff reports. 	
Dana Bagshaw	Public	<p>I've been attending RTC meetings for several years now, and I have never felt a genuine interest in public input. It feels like the RTC has its own agenda, is forced by law (or official policy) to listen to public opinion but doesn't take it seriously, wants to get it over with, and then continue business as usual. The documents like this public participation plan are encumbered by bureaucratic details, and never seem to get to the heart of the matter. We are currently facing a climate emergency crisis, and I see no recognition of</p>	<p>The SCCRTC values and actively seeks out feedback and input from community members, which is all given to SCCRTC commissioners to consider as they plan for the transportation needs of Santa Cruz County.</p>

Name	Agency/Jurisdiction/Public	Comments	Response
		<p>this, or sense of urgency to reduce carbon emissions. The RTC seems trapped in a car-centric culture, listens only to car-owners, and is not supportive enough of public transit options for those other than people who are disadvantaged. Yes, listen to public input, but provide leadership to move the public to new horizons.</p>	
Nadene Thorne	Public	<p>The long-winded Participation Plan sounds impressive, but in actual fact as a member of the public who has attended these meetings, written letters, and followed the RTC's activities for a few years now, all of these 40 pages seem like nothing more than the screen in front of the wizard of Oz. In spite of the lengthy list of methods by which the RTC presumably communicates with the county citizens, I have seldom seen any notification from them, for any purpose, that I did not independently search out, either by attending a meeting or with my own research.</p> <p>Occasionally, the Sentinel has a news article that cues me to some event. I read nearly every issue of the Sentinel, and The Good Times, and have NEVER seen, for instance, a request for public comment (as on the rail corridor's EIRs), public information meetings, notices of vacancies (as on the METRO board), or, for that matter, call for comment on this Public Participation Plan. I'm not on</p>	<p>SCCRTC regularly advertises notifications for public meetings and calls for public comment through a variety of channels, including print media, social media, radio and television PSA's, on the SCCRTC website and through enews. SCCRTC will examine additional ways to reach the public.</p>

Name	Agency/Jurisdiction/Public	Comments	Response
		<p>social media with the exception of Nextdoor. I ride the bus occasionally, and attend various classes at the Loudon Nelson Senior Center; I listen to KAZU, and from time to time I watch local news on TV. In short, however widely you believe yourselves to be advertising, whatever you're doing does not seem to be broadly communicated. My suggestion would be to examine more closely what efforts you're making, and the extent to which you receive responses from that. A cynical person might suggest that the RTC would rather promote the appearance of communication and responsiveness (as ostensibly demonstrated by the Public Participation Plan), rather than actual evidence of that.</p>	
Bill Cook	Public	<p>Schedule evenings and weekends for public comment and commission meetings. Use social media, radio, tv for announcements .</p>	<p>The AMBAG Board of Directors and public workshops are held in the evenings .</p>
Sally Arnold	Public	<p>On stakeholders list, FORT should be spelled out (Friends of the Rail and Trail) and moved from Bicycle and Pedestrian Interest Group to Transportation Interest Group</p>	<p>This will be updated in the Final 2019 PPP.</p>

Name	Agency/Jurisdiction/Public	Comments	Response
Michael Saint	Public	For broad based involvement, the RTC should create a Citizen involvement Committee. On page 36, #1 add Door-to-Door Solicitation.	SCCRTC will examine the possibility of creating a Citizen Involvement Committee. Door-to-Door Solicitation will be added in the Final 2019 PPP.
Rick Longinotti/Bruce Van Allen	The Campaign for Sustainable Transportation	<p>This letter is in response to your request for feedback regarding the Draft 2019 Public Participation Plan. We thank you for the opportunity to help the SCCRTC to reach out for more community input. Being able to participate in transportation planning, programming and project implementation, including the regional plans of all of our tri-county area, is a huge step forward. We have several suggestions for this document.</p> <p>(1) Citizens Advisory Council</p> <p>The outreach can only be successful if we have full representation of all of our diverse populace. The August 21 RTC press release observes that "Citizen committees such as the E&D TAC are vital to the RTC as they advise the commission on critical transportation-related issues, policies, plans, programs, and projects that affect the entire community."</p> <p>We agree that one of the best ways to make all citizens aware and to provide feedback is through a Citizens Advisory Council (CAC) working hand in hand with the RTC and its</p>	SCCRTC will examine the possibility of creating a Citizen Involvement Committee. The list of stakeholders will be updated in the Final 2019 PPP.

Name	Agency/Jurisdiction/Public	Comments	Response
		<p>staff on a broad range of issues, to bring forth innovative ideas from a diverse population. Many California transportation agencies have such a Committee, including San Francisco, Los Angeles, San Mateo County, Contra Costa County, and Alameda County.</p> <p>A CAC is formed to ensure that all parties, including private citizens, organizations, government agencies, and industry, have a local community group to provide in-depth review of RTC staff activities, programs, and policy recommendations to the Commission. The CAC can help enhance community support for the RTC. The CAC would only have an advisory role; the RTC Board shall at all times be the final decision-making body.</p> <p>We strongly recommend for the RTC and/ or AM BAG to appoint a CAC that would be global in scope, complementing the existing Bicycle Advisory Committee and Elderly & Disabled Transportation Advisory Committee. For example, the group could look into ways to encourage discretionary transit riders that ride to reduce carbon emissions, overcoming the stigma that only the elderly and disabled and low-income people need public transportation.</p> <p>(2) Public participation in designing surveys</p> <p>Regarding surveys from public agencies, our</p>	

Name	Agency/Jurisdiction/Public	Comments	Response
		<p>experience as individual members of the community has often been that surveys often omit the most pressing issues that are on the mind of the public. The text of any survey should be released for public review, so that any such gaps can be filled before the survey goes live. We feel that the public should have some voice in designing surveys, and perhaps any multiple-choice item should include an opportunity for free-response, thinking out-of-the-box answers.</p> <p>(3) Update the List of Stakeholders Regarding Appendix D of the Draft Public Participation Plan, the "List of Stakeholders" needs to be updated. For example, People Power has changed its name to Bike Santa Cruz County, and our own group, formerly Campaign for Sensible Transportation, is now known as Campaign for Sustainable Transportation. Sierra Club Ventana Chapter should be shown as active in Santa Cruz County (in addition to Monterey County). Sierra Club Loma Prieta Chapter should be shown for San Benito County. The following organizations should also be included, among others:</p> <ul style="list-style-type: none"> • Santa Cruz Climate Action Network • Extinction Rebellion • Sunrise Movement 	

Name	Agency/Jurisdiction/Public	Comments	Response
		<ul style="list-style-type: none"> • Bus-by-Choice Santa Cruz • KSQD 90.7 FM • Regeneraci6n • Brown Berets • Community Traffic Safety Coalition • Monterey Bay Aquarium • Monterey Bay Community Power • Monterey Bay Electric Vehicle Alliance • Measure D Taxpayer Oversight Committee • CSU Monterey Bay • Santa Cruz PRT <p>Thank you for the opportunity to comment.</p>	

**Appendix I:
Public Notice for
Draft 2019 PPP**

Appendix I: Public Notice for Draft 2019 PPP

The following public notice was posted in the Monterey Herald, the Hollister Freelance, and the Santa Cruz Sentinel Newspapers. In addition, this public notice was uploaded to our AMBAG and partner agencies websites.

Draft 2019 Public Participation Plan

Notice is hereby given that the Association of Monterey Bay Area Governments (AMBAG) will hold a public hearing to secure public comment on the *Draft 2019 Public Participation Plan (PPP)*.

The *Draft 2019 PPP* has been released for a public comment period as required by state and federal transportation regulations.

The federally required *2019 PPP* is a comprehensive document that guides the regional public participation process for the tri-county Monterey Bay region. The *2019 PPP* emphasizes the transportation decision making process, including the expanded use of visualization techniques and innovative online marketing strategies in public outreach.

The public hearing will be held as part of the AMBAG regularly scheduled Board of Directors meeting on Wednesday, August 14, 2019 at 6pm at the Marina Library, 190 Seaside Circle, CA 93933.

The *Draft 2019 PPP* is available at: <http://www.ambag.org/programs-services/planning/public-participation-plan>. Comments on the *Draft 2019 PPP* are due August 28, 2019 and may be mailed to: P.O. Box 2453, Seaside, CA 93955, via email at svienna@ambag.org, or via fax at (831) 883-3755.
